

LOT PLAN IS TO BE TRIED HERE

John Crowley Donates First One of Number Which are to be Sold to Locate Factory

OTHERS URGED TO DO SAME

Lots Will be Sold at \$150 and Buyers Draw for Distribution—Donators Get Stock

Since this is the first of the month and a good time to start anything, boosters behind the movement to bring a new industry to Rushville decided today would be a most auspicious time to announce that the lot donation plan would be attempted as a method of raising money to bring a factory here.

As a beginning, John Crowley said that he would donate his lot in North Sexton street, for which he paid \$300.

Any others who desire to donate their lots for the good of the project are urged to call or notify the Daily Republican, giving the location of their vacant lot, and their name will be placed on the honor roll.

The plan has been explained before. It contemplates that owners of vacant lots shall give the lots to the factory movement and shall receive in return \$150 worth of stock in the new factory for each lot. In turn, the lots will be sold for \$150 each and a drawing held to determine how the lots shall be distributed. The same method was employed when the Innis-Pearce furniture factory burned down many years ago and the Payne, Reeve and Allen addition was sold to keep the factory here.

It is believed by the factory boosters that there are on hundred vacant lots in Rushville which should be given to this worthy movement. In that event, \$15,000 would be realized off the sale of the lots to be devoted to the factory.

It is advocated by the boosters who have the movement in hand that any citizen of Rushville who has his money invested in Rushville is, of course interested in the industrial advancement of Rushville and should grasp this opportunity to help benefit the city.

It is pointed out that there is not a vacant lot in Rushville which is not worth \$150. Practically without exception they are all improved. The lot owner who contributed one or more, could buy one or more lots, and in the drawing he would stand a chance of coming out with a better lot, in addition to having the stock in the concern.

While there is some element of chance in the project, those fathering it show that Rushville will never gain anything worth while unless it puts something into an enterprise. There is a big chance that when the proper kind of a factory is located, it will make large returns to the stockholders as well as bringing many families to Rushville to occupy the vacant houses; and as well cause a much greater amount of money to be circulated here. This, of course, would result in more business for all lines of business and greater prosperity for every resident here.

The factory boosters now have a proposition, one which gives promise of being just the sort of a thing that Rushville is looking for. No details have been disclosed yet and will not be until the proposition is thoroughly investigated and it is well established that the city is not aiding any "gold brick" enterprises. The factory under consideration, while only in the making, promises employment of 100 men within six months after it is established.

Of course, the purchasers of the lots or the donators would not be asked to make any actual investment until the factory proposition, its hopes and ambitions, had been fully explained to the persons financially interested.

MORE CANDIDATES COME OUT TODAY

Mayor Bebout is Candidate for Nomination and Frank Abercrombie For 1st Ward Councilman

THREE-CORNERED CONTEST

Two more republican candidates appeared today. Mayor Clara L. Bebout announced late today that he would be a candidate for mayor at the primary and Frank Abercrombie declared his intentions of seeking the nomination for council from the First ward.

Mayor Bebout's announcement came late today and for this reason a full presentation of his claims cannot be presented. His entrance into the race makes the republican primary contest for mayor a three-cornered affair. The other two candidates are A. B. Irvin and Harley Fraizer.

Mr. Abercrombie is a well known young business man of this city and while he has always been a republican this is his first venture into politics.

MARY A. SHERMAN DIES OF PNEUMONIA

Illness of Almost a Month Proves Fatal Today—Native of Rush County Born 84 Years Ago

FIVE CHILDREN SURVIVE

Mrs. Mary A. Sherman, age eighty-four, widow of the late Charles Sherman, died at the home of her son, Ed Sherman, 502 East Eighth street, shortly after one o'clock this afternoon of bronchial pneumonia. She had been sick for almost a month and for the last few days her condition was critical.

Mrs. Sherman was born in Orange township December 25, 1832 and lived in Rush county all of her life with the exception of six or seven years spent at Champaign, Ill., and about two years at Kokomo, Ind. She was the daughter of Mr. and Mrs. Isaac Conde. She was married to Charles Sherman November 20, 1854 and he died February 10, 1891. Six children were born to the union, one of whom died. Mrs. Sherman was a member of the Methodist church.

Surviving her are five children—Mrs. Charles Harb of Lansing, Mich., C. V. Sherman of Ionia, Mich., and Mrs. J. M. Harrold and Wade and Ed Sherman of this city. A brother and sister also survive, W. S. Conde of this city and Mrs. William Posey living west of Rushville. The funeral arrangements are not yet made.

DEPENDENT ON INTUITION

F. A. Connelly Says he Felt Something Would Happen on Market

(By United Press.)

New York, Feb. 1.—Francis Connelly, partner of R. W. Bolling, brother-in-law of President Wilson, in the firm of F. A. Connelly and Co. of Washington told the house "leak" committee today he did not realize the importance of the telegram he sent to E. F. Hutton and company the day before President Wilson's peace message was published. He said he merely knew by his "own survey of the situation" that something should happen.

SPANISH NOT ABASHED

Madrid, Feb. 1.—Following meeting of the cabinet today, official announcement was made that the Spanish ships would continue their traffic with the allies but that "severe defensive measure would be necessary."

L. P. DOBYNS SAYS THAT HE IS DRY

Senator From Rush, Decatur and Hancock Counties Replies to Telegram Sent From Rushville

NO TRUTH IN REPORT HERE

Declares That in Carrying Out Wishes of Majority of Constituents, Couldn't Vote Wet

Any doubt as to how Senator Lem P. Dobyns, representing Rush, Decatur and Hancock counties in the state senate, stands on the Wright prohibition bill, which was expected to come up for a vote in the senate today, was dispelled in letters received here yesterday from the senate in answer to the telegram sent him Sunday night urging him to vote in favor of prohibition.

The telegram was sent to Senator Dobyns after resolutions had been passed favoring statewide prohibition. Senator Dobyns states that there is no truth in a report current here that he would vote against prohibition and declares that in carrying out the wishes of a majority of the people of his district he could not vote wet and be consistent.

Letters from the senator were received by Lon Link of the Rush County National bank, W. A. Alexander and several others. The letter received by Mr. Alexander, which is similar to the others, is as follows:

"Dear Sir—There is no truth in the report being circulated in your county that I may vote against the prohibition bill. I believe a true representative will vote for any measure the very great majority of the people he represents desires and I believe I know what the majority of the people of Hancock, Rush and Decatur counties desire. I will certainly vote in favor of the prohibition bill. If you see fit you may publish this.

"Respectfully yours,"

"LEM P. DOBYNS."

Dry workers here were elated over the stand of Senator Dobyns. The question. The letter, it is pointed out, campaign and there was some doubt as to how he stood on the liquor question. The letter, it is pointed out, is plain enough to show Senator Dobyns' views and his attitude. In the various polls published by the dry federation in Indianapolis Senator Dobyns had always been classed as dry and how the rumor started that he was opposed to the prohibition bill is not known.

Local Veteran of Fifty Years In C. H. & D. Service Has Been Rewarded with Pension

William Regan, known to a large circle of friends as Teddy Regan, starting today will draw a monthly pension from the C. H. & D. railroad. Regan is the flagman for the C. I. & W. road at the Sexton street crossing in this city. The pension comes to Teddy as a reward for fifty years of service for the C. H. & D. While he is no longer employed by this road, the C. H. & D. will pay the pension and he will continue to work for the C. I. & W.

Teddy Regan is a railroader of the old type. He has been through the service from "A to Z." He has seen service with the construction gang, acted as brakeman in both the freight and passenger service and for the past eight years has been a flagman in this city. Regan has the distinction of being the first and only man thus far to be placed on the pension list between Hamilton, Ohio, and Springfield, Ill. He worked for the old C. H. & D. for so long a time that they did not take into

BAND TOGETHER TO INSURE STOCK

Farmers of Rush County Form Organization Today With Initial Membership of 450.

CONSTITUTION IS ADOPTED

Blanket Policies to be Issued Instead of Descriptive—Officers Are Elected.

The Rush County Live Stock insurance company was organized today with Albert Leisure as president; Edward Lowden, vice-president; Earl Priest, secretary, and John Hill, treasurer.

The organization meeting opened in the assembly room of the court house, but the crowd became so large that the afternoon meeting was held in the court room. The organization starts out with a membership of 450. It is an organization similar to the farmers fire insurance company, and plans to insure cattle, horses and mules from death by natural causes.

Most of the day was taken up with the adoption of the constitution. The greatest wrangle occurred over the kind of policy to issue—descriptive or blanket. The blanket form was adopted following an hour's debate. Under the form of insurance to be issued the members can carry any amount they desire and in case of a loss sufficient to cover the face value of the policy, the insured goes with out insurance the rest of the calendar year and at the same time pays the assessments.

The constitution as adopted provides that the maximum amount to be paid for the loss of a horse is to be \$200 and the maximum amount for a cow, \$100. A large number of the members present wanted the insurance policies to be descriptive, but this was voted down. The same plan is to be followed in the blanket insurance as is now used in the farmers fire insurance company.

At the start of the meeting it was voted to exclude sheep from the risks of the company. The officers of the company are to be seven in number, including three adjusters, who will be members of the board of directors.

There was also quite an argument as to when the company should start paying insurance on animals insured. It was voted to insure colts and calves only after they were four weeks old.

Under the by-laws the secretary is to receive \$1 for each policy issued except to charter members. He is

WILSON'S REPLY IS ABOUT READY

Secretary Lansing Prepares Communication, Which is Guarded With Utmost Secrecy

PASSPORTS TO BE REFUSED

(By United Press.)

Washington, Feb. 1.—President Wilson is about ready to announce this government's answer to Germany's warning of future unrestrained naval warfare.

Acting upon instructions from the president, Secretary Lansing has prepared a communication, the nature of which is guarded in secrecy. At the same time the state department has issued an order refusing passports to travelers planning to sail for European ports.

This action by the state department served to increase the tension surrounding all developments today following receipt of the German note.

6 VESSELS VICTIMS SINCE NEW ORDER

Four British, Belgian and Dutch Ships Are Sent Down as Result of German Change

NO SURPRISE FELT IN LONDON

(By United Press.)

London, Feb. 1.—Two more vessels, a British steamer and a Belgian steamer, were reported this afternoon as victims of the German's new ruthlessness plan. This makes a total of six vessels so far reported sunk since the German decree barred zone order went into effect.

By ED L. KEEN
(U. P. Staff Correspondent.)

London, Feb. 1.—Germany's new submarine campaign of ruthlessness is under way. The Dutch steamer Epsilon was the first victim to be sunk in the barred zone today. Three British fishing smacks were also among the first vessels found to have been sunk in pursuance of the new German order.

Official circles were not surprised at Germany's open announcement of sea terrorism. The note confirms what they had understood and anticipated for some time. It was to take advance measures against just such a plan as Germany now announces that the recent conference of naval officials of all the allies was held in London. The recently announced North Sea mine blockade was likewise decided upon because England expected such an announcement.

ORDER PREVENTING DEPARTURE LIFTED

Fear That Interned German Vessels in New York Harbor Might be Scuttled Cause

ALL SHIPS ARE TURNED BACK

(By United Press.)

New York, Feb. 1.—After special guards had been established about interned German liners anchored at Hoboken and other New York piers the order issued by collector of the port, Malone, last night, prohibiting departure of any ships was lifted today.

Rumors that the crews might attempt to scuttle the ships and then flee in the event of a declaration of war were flying fast. A United States destroyer turned back all ships last night.

British naval preparations around New York harbor within the last few days gives ample proof that Great

WRIGHT DRY BILL AMENDED TODAY

Third Reading and Final Action is Made Special Order of Business Tomorrow, 10 A. M.

DRUG STORES PROHIBITED

Another Amendment Changes Time for Taking Effect From Jan. 1, 1919 to April 1, 1918

(By United Press.)

Indianapolis, Ind., Feb. 1.—The Wright prohibition bill was amended by the senate on second reading today. It was evident, however, from the amendment offered that the measure was in the hands of friends.

Following a fight over the date on which the law would become effective a compromise was reached to make it April 2, 1918. The compromise motion was made by Senator Mercer. An amendment offered by Senator Culbertson to make the measure effective January 1, 1919 was defeated after a hot debate.

Republican floor leader, Robinson pointed out that the Culbertson amendment would make the law effective just before the meeting of the next legislature when an attempt would undoubtedly be made to repeal the measure. He declared that the bill should go into effect immediately.

Senator Chamber's amendment to prohibit drug stores from handling intoxicating liquors was adopted by a large majority. Another amendment offered by Senator Erskine to permit plants now engaged in the manufacture of beer to make drinks containing not more than one-half of one percent of alcohol was also passed. With these amendments the bill passed second reading and was ordered engrossed. Third reading and final action was made a special order of business for ten o'clock tomorrow morning.

Three bills passed the house, one prohibiting the practicing of palmistry, another providing means of the establishment of county libraries and the third providing for the admittance of soldiers, soldiers' wives and widows to the Indiana soldiers home.

Prohibition advocates from all parts of Indiana flocked here today for the greatest demonstration ever held in interests of the dry element in the state. The prohibitionists came in on trains, interurban cars and automobiles. The white ribbons were in evidence everywhere.

The gathering was called in connection with the action of the senate on the Wright prohibition bill which would make Indiana dry in 1918. The bill, which was scheduled to come up for senate action, has already passed the house. If it receives favorable action in the senate, it will be ready for the governor's signature.

The bill, which is one of the most stringent ever drafted, provides that intoxicating liquor cannot be manufactured, sold, given away or transported in the state except under certain strict conditions. Before amended, the bill provided that druggists, carrying a stock valued at \$1,000, would be permitted to sell pure grain alcohol on prescription of a competent physician but only one sale could be made on each prescription. The druggist would have to give bond to obey the law and would make reports of sales to the county auditor every six months.

One quart of whiskey or wine and two dozen bottles of beer would be allowed for private use.

The penalty for violation of the law is fixed at a fine from \$50 to \$500 and imprisonment of from thirty days to six months.

That Governor Goodrich will sign the measure, if it passes the senate, is practically certain.

Bedford—Thomas W. Box sold one pig for \$66.70. It weighed 580 pounds.

Britain knew of the approaching pronouncement of Germany.
Great Britain's North Atlantic squadron was ordered into water adjacent to these waters several days ago. It is believed these precautions were taken with a view to using the warships as convoys to any vessels which might leave.

PRESS SUPPORTS ORDER

German Newspapers and People
Satisfied With Change in Tactics

By CARL W. ACKERMAN
(U. P. Staff Correspondent.)
Berlin, Feb. 1.—The German press supports the government in its move for a barred zone about Germany's enemies and removal of the restrictions on naval warfare.
So far there have been no demonstrations. The German people appear satisfied with the decision reached by the government.

SITUATION IS VERY TENSE

Premier Asquith Says English Can
Counteract German Order

(By United Press.)
London, Feb. 1.—“It is impossible to dispute the gravity of the situation,” declared Premier Asquith today, addressing a meeting and commenting on the new German blockade order.
“But with the navy supplementing such other measures as the arming of merchantment and acceleration of new tonnage we may hope to counteract it,” he added.

GERMAN FREIGHTER SINKS

(By United Press.)
Charleston, S. C., Feb. 1.—A German freighter in harbor here since the war started mysteriously sank today. Tugs standing by offered assistance but it was refused, their captains said. Shipping men believed that the vessel was deliberately sunk.

TAFT DENOUNCES ORDER

Concord, N. H., Feb. 1.—Speaking before the legislature here today, Former President Taft, denounced Germany's declaration of unrestrained naval warfare, calling it a “grossly unwarranted expansion of the rights of blockade.”

to get the fee of \$2.50 for each new member secured. The membership fee after today is to be \$5. The charter members paid the sum of \$3. The adjusters are also to get the sum of \$2.50 for each new policy holder secured. The meeting of the stockholders is to be held in Rushville the first Saturday in February of each year, starting in 1918.

Fred Bell presided at the meeting today. A. L. Gary is the company's attorney. Glen Miller and Rue Webb were active in starting the organization and were instrumental in calling the meeting for today. It was estimated that over 500 farmers crowded into the court room this afternoon for the meeting.

BROOKLYN PRIEST WAS NEARLY CONVICTED. AS A SINN FEINER.

(U. P. Staff Correspondent.)

BY FRANK GETTY.

London, Jan. 15.—(By Mail)—There was a young Catholic priest from Brooklyn, N. Y., who just wriggled into England between the inhospitable claws the British had unsheathed to protect the Empire against unwelcome visitors. The Philadelphia brought him to Liverpool from Flatbush, and nearly took him back. For Father William J. Fallon, well-known among the Catholic clergy of the East, was almost convicted of being an Irish rebel.

In the spontaneous arguments that developed in the smoking room of a transatlantic liner, the "little bit of heaven" had a farm supporter in the enthusiastic young priest. Home rule was his theme, and he upheld it vigorously before the florid Canadian lawyer.

One old gossip, whose elbow was worn crooked and who, if he lived in London would be required to wear a shade over his nose at night under the Defense of the Realm Act, tipped off Captain Candy that he was harboring a Sinn Feiner.

Helen Clark

Popular Concert
Contralto

An American girl who has gained great popularity because of her rich voice and sound musicianship.

Thomas A. Edison Wants You To Hear This Test

Tuesday Evening, February 13 at 8:15, United Presbyterian Church

Many famous artists have made these "Tone Tests." Read what the papers say:

"Impossible to distinguish between the singer's living voice and its re-creation by the instrument that bears the stamp of Edison's genius."

Boston Herald Nov. 19th, 1945.

"The ear could not tell when it was listening to the phonograph alone. Only the eye could discover the truth by noting when the singer's mouth was open or closed."

N. Y. Evening Mail, May 3d, 1916.

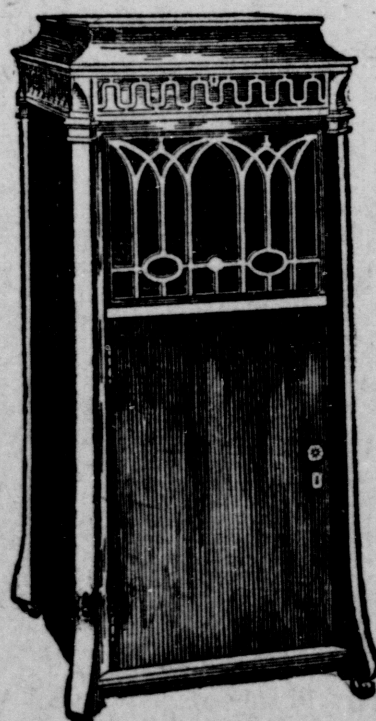

It was virtually impossible to distinguish between the real voice and the Re-Created voice of the singer."

Philadelphia Evening Telegram, April 28th, 1916.

"Christine Miller herself and Christine Miller on the Edison sang side by side. The two voices were so identical that when one or the other stopped it was impossible to detect it in the audience."

Cleveland Leader, Sept. 23d, 1915.

"Not possible to tell one from the other." Detroit Free Press, Oct. 12th, 1915.

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert Contralto will be here, at Mr. Edison's request, to offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the re-creation.

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

Call or Write for Complimentary Tickets

We want all music lovers in this community to hear this interesting and convincing test. Complimentary tickets will be distributed to those who apply in person at our store or by mail. You and your friends are urged to attend. Mr. Edison recommends that children under three years of age be not admitted as they do not realize that they can mar the intent of this recital by crying or talking. We advise you to apply early before all tickets are exhausted.

"Kie-Yie-Yie! Get Me 'Gets-It' Quick!"

2 Drops Make Corn "Fall" Off!

"I've joined the Never-Again Club. Never again will I use anything for corns but, 'Gets-It'. But 2 drops of 'Gets-It' on, and from that second the corn begins to shrivel.

"Oh, Don't Touch It! It's So Sore!" Use "Gets-It" and It Will Never Be Sore!

Instead of swelling up like a little white sponge. Then it loosens from your toe—and, glory hallelujah! the corn comes off as though you'd take a glove off your hand!

Yes, "Gets-It" is the corn discovery of the age. More "Gets-It" is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It."

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin.

City Clerk

We are authorized to announce the name of Albert J. Sweet of Rushville, as a candidate for City Clerk on the Republican ticket, subject to the decision of the primary election, March 6th, 1917.

We are authorized to announce the name of Earl Osborne as a candidate for City Clerk on the Republican ticket subject to the primary election, March 6th, 1917.

We are authorized to announce the name of Walter F. Easley as a candidate for City Clerk on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

City Treasurer.

We are authorized to announce the name of George G. Helm as a candidate for City Treasurer on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

We are authorized to announce the name of F. T. Gale as a candidate for City Treasurer on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

Saving Daylight.

Father Time has been asked to shoulder his scythe and walk back sixty seconds the first day of May. That is what the national daylight convention, which closed in New York yesterday, wants to have done. But they know that Father Time is going to make a game fight and that's the main reason why upwards of five thousand "more daylighters" were in New York for the two-day session.

It was explained to the old man that he can run and catch up the lost hour again September 30. The idea, he was informed, is to make use of the added hour of daylight we have between those dates. We can get up an hour earlier, go to work an hour earlier, quit an hour earlier and have an extra hour of daylight to have a good time in.

It may be news to a lot of folks to know that in Cleveland and Dayton, Ohio, this daylight saving scheme has been in force for two years. Everybody knows it was used throughout Europe and in Canada last year with good results.

The Old Man With The Scythe had plenty of evidence presented to convince him. Borough President Marks of New York introduced each of the speakers, among whom was Representative William P. Borland of Missouri, whose bill making daylight saving a national law, is now pending in congress.

Then President Marks introduced

representatives of practically every civic organization in this country and delegates from England, Scotland, Russia, Poland, Holland and Canada. Robert Garland of Pittsburgh spoke for the Chamber of Commerce, ex-Governor John K. Tener for the health experts who want more daylight to fight the white plague; John Mitchell for the Industrial Commission. Mayor Mitchell; Harriett Stanton Blatch, Arthur Brisbane and others also spoke.

Columbia University's astronomer, Harold Jacoby spoke scientifically to the venerable gentleman and J. S. Whitehouse, a member of Parliament from London argued with him. Geo. Adee of the National Lawn Tennis association spoke on the added time for recreation afforded by the plan. S. J. Halle of the Standard Time Committee told how they like the idea in Ohio.

All the speakers laid stress on the point that this plan will save the country \$100,000,000 in light and power expenses during the summer months. This is expected to knock the old man off his seat.

"Copy for the House journal will be ready for the printer within 24 hours after the session ends" remarked Speaker Eachbach the other day. In years gone by, it often took months to complete the House journal after the legislature adjourned and the state of Indiana paid handsomely for this work. It is different now, however. Under Republican direction, the work will be properly done and promptly, and there will be no digs into the state treasury to finish this work as has always been the case in the past.

Some days ago Governor Goodrich, through the Public Service Commission, issued an order to coal bearing roads in Indiana, intended to relieve the coal shortage that was working such a hardship in Indiana. The governor did not wait until an "investigation" could be held; he moved with characteristic vigor and his move already is bearing beneficial returns to the people of the state.

HOOSIER BRIEFS.

Evansville—Social clubs of Evansville must quit selling liquor after midnight in the future, following an order issued by Mayor Bosse, which went into effect today.

Columbus—The Bartholomew county hospital will be ready for patients within a few days.

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Drinks glass of hot water before breakfast to wash out Poisons

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way—(Adv.)

TWO FACTIONS TO AMALGAMATE

Politicians Receive Tip That Woman's Party and Congressional Union are to Combine

INDICATES HARD FIGHT

Believed That the Union Will Make Determined Effort to Obtain Suffrage

(By United Press.)

Washington, Feb. 1.—Politicians got it straight from headquarters here today that the Woman's Party and the Congressional Union for Woman Suffrage probably will amalgamate early in March.

The Woman's Party is composed of woman voters. Membership in it is limited to the women of the twelve suffrage states and it has grown so rapidly that it now boasts a membership one thousand greater than the Congressional Union's membership in the thirty-six non-suffrage states.

The proposed union of these two important organizations is looked upon by politicians as evidence that the fight for passage of the federal suffrage amendment is to be pressed harder from now on.

First intimation that the voting and the non-voting women of the country intend to weld themselves into one organization came when the calls for a convention of the Congressional Union and a convention of the Woman's Party were issued coincidentally. These conventions will be held jointly at the national headquarters of the Congressional Union, March 1-4, inclusive.

Today Miss Alice Paul, head of the Congressional Union, and officials of the Woman's Party stated that the Executive Committee of both the union and the Woman's Party would recommend that the two associations be merged under the name of the National Woman's Party.

Supporting the women voters the whole machinery of the Congressional Union in the thirty-six non-suffrage states will be used to bring pressure to bear upon Congress and the White House. The Union officials are convinced that if President Wilson can be induced to use his influence with his party the passage of the federal amendment will be assured.

Plans for this joint campaign by the women of the suffrage and non-suffrage states will be discussed and decided upon at the March convention immediately after the amalgamation of the two progressive suffrage organizations is affirmed.

About 3,000 women are expected to attend the convention, which promises to be one of the most important suffrage gatherings ever held in the country. The convention will be held at the national headquarters of the Congressional Union here in the "little White House." It will open with a reception on the night of March first and will terminate in a mighty demonstration at the big White House on March 14th.

Miss Mabel Vernon, of Delaware is chairman of the Committee on Arrangements; Mrs. Helena Hill Weed of Connecticut, is chairman of the Credentials committee, and Miss Edith Goode, of Washington, has been made chairman of the important Committee on Hospitality.

COFFINS ARE SCARCE.

London, Jan. 15—(By Mail)—The British undertaker has sent out a plea for help. He can't get coffins and the cemeteries can't dig graves fast enough to bury the dead.

The trouble is that all the available men are called up for war service. The undertakers who were wont to make their own coffins have lost so many men that they had to fall back upon the big manufacturer. The demand upon the big factories became so great that their supplies are exhausted. In some cases the rush for coffins has been so great that undertakers have taken them without lids.

FOR PARTIES

We have brand new folding chairs for rent; also card tables. Caldwell's Furniture Store. 27416.

Thrift Day

Will Soon Be Here

February 3rd is now observed in almost every section of this great land as Thrift Day.

It is a day not for idleness, but for effort; not for spending but for saving.

We urge all to join in the celebration of an added thrift habit which leads to health, happiness and prosperity.

On February 3rd, countless people will get ahead by opening Bank and Savings Accounts. Others will add to accounts already started.

WOULD CHANGE PLAYERS' SHARE

Secretary of New York Club Declares There is Not Much to be Done With World's Series.

WINNERS HAVE 90 PER CENT

Says Players do Not Seem to Realize That Series Was Started For Their Benefit.

(U. P. Staff Correspondent.)
BY H. C. HAMILTON.

New York, Feb. 1.—Laughing at the variously colored and scented suggestions for changes in the manner of conducting the annual world's series, John B. Foster, secretary of the New York National league club, declared today there isn't really anything to be done about it.

"If the magnates feel they really have a change," he said, "let them give the winning club 90 per cent of the players' share and give the losers 10 percent of the winning club's share and give it to charity, and give just the same amount out of the club owners' share."

"This idea of giving every club in each league a whack at it is altogether wrong. Do you suppose they would go on through pooling the sum to be divided a different way? Not on your life. They's turn it into a cinch for some club and then the tail enders would cease to play their hardest."

Foster went back to the days when the world's series was started.

"The players don't realize," he said, "that the world's series was started for their especial benefit. They got into the first cut because the magnates wanted to give the championship clubs a bonus for their work. It never was the intention to have others participate. Now, when the season advances across the Fourth of July mark, the only thing the first division clubs can see is the old dollar mark, and it sticks in their craws right up to the last game."

Foster believes something should be done and that quick, but he doesn't jibe with the suggestion that the number of games or the rules governing them be changed, with the exception of the manner of dividing the gate receipts.

LOCAL VETERAN IS REWARDED

Continued from Page 1.
viewer asked a second time the name of the town.

"Westport," said Teddy, "There's not an Irishman in Rush county that has not heard of Westport. Its the same name as a little town down south of here."

Regan has seen all the changes in the railroad business and they have been many in his fifty years of service. He stated that he had been in a dozen wrecks but did not have a scratch to show for his experiences. "The changes in the railroad," said Teddy, "have been many. Fifty years ago everything was rather crude and the trains did not run near as fast. All the same we had more wrecks than they do now."

Mr. Regan got his nickname in the city of Hamilton. On his first run into Hamilton some of the boys called him Teddy and the name has stuck ever since. In fact they are many people in the city who know him by no other name.

The pension Regan will receive is not much—\$14.55 a month—but it will help and shows that a great corporation like a railroad appreciates the services he has rendered and is not so "senseless" as corporations are some times pictured.

Red Cross Ball Blue should be used in every home. Ask your grocer. Large package 5 cents.

MANILLA IS VICTORIOUS

Defeats Milroy Independent Quintet
Wednesday Night, 41 to 28

The Manilla Independent basketball team defeated the Milroy Independents last night at Manilla, 41 to 28. Milroy put up a good game and in the first half outplayed the Manilla team. The game was rough in the final period and Manilla took an early lead which was not overcome. The first half ended 19 to 16 in favor of Milroy. This was the second meeting of the two teams. Milroy won the first game.

SOCIETY

Miss Margaret Donnan's class will meet one week from Saturday, February 10th, instead of next Saturday, the regular bi-monthly meeting day.

Larline council meets in regular session this evening in the Red Men hall. Following the business meeting, the newly elected officers will be installed.

An informal dance is being given this evening in the Phi Delta Kappa hall by the members of the Elks lodge. The dance is not restricted to the lodge members but other dance-lovers are cordially invited. Mitchell's orchestra will play for the dance.

A Saint Valentine dance will be given in the Phi Delta Kappa hall on Wednesday evening, February 14th, in which the appointments of the Valentine season will be carried out. Several special features are promised in connection with the musical program. Robert Vredenburg is in charge of the dance.

A wedding was solemnized this afternoon at one o'clock in the clerk's office when Miss Jennie H. Dyer and Dewey H. Markle, both of Arlington, were married by the Rev. S. G. Huntington. The young couple, who are well known in Arlington and throughout the county, have gone to make their home in Arlington. Mr. Markle is a farmer in that vicinity.

Members of the Phi Delta Kappa fraternity in this city have received invitations to the fraternity dance to be given in Anderson by the chapter of Phi Delta Kappa there on Tuesday evening, February 13th. Robinson Brothers orchestra is to play, it is to be in the Anderson Club ball room and to begin at 8:30 o'clock. The affair is to be a Saint Valentine party and it is probable that several of the local members of the fraternity will attend.

Mrs. Charles Osman entertained the members of the Wednesday Afternoon club at her home in West First street yesterday afternoon, having fourteen members as her guests. Beautiful potted plants adorned the rooms where the ladies spent the afternoon chatting over their sewing. A delicious two course luncheon was served by the hostess late in the afternoon. Mrs. Clara Behout will entertain the club members in two weeks.

A very delightful afternoon was enjoyed by the members of the Wednesday Afternoon Bridge Club when they were the guests of Mrs. Guy Mulbarger at her home in North Jackson street yesterday afternoon. Games of Bridge were the interesting diversion of the afternoon. Several bouquets of beautiful carnations formed the decorations in the home. At the conclusion of the card games a delicious dinner was served. Mrs. Clarence Cross entertains the club members in two weeks.

One of the first meetings of the newly organized Pirate Bridge Club was held at the home of Mrs. O. M. Dale in North Main street this afternoon, and proved by its sociability that the club is to be one of the most agreeable of the many social organizations in the city. The eight club members had an interesting time playing Pirate Bridge and were later invited into the dining room, where the prettily set table was centered with an azalea. A tempting salad course was served. Mrs. Will Bliss will entertain the club members in two weeks.

At the meeting of the Watson Sunday School class of the St. Paul's M. E. Sunday school held at the home of Mrs. Guy Abercrombie last evening, officers were elected for the coming year, each of the officers serving last year being re-elected. Mrs. George Autman was re-elected presi-

Sale Closes Next Saturday

dent; Mrs. E. B. Thomas, vice-president; Mrs. Horatio Havens, secretary; and Miss Mary Amos, treasurer. During the business session, plans were partially made for serving a lunch at noon in the near future in a down town room. The ladies of the first division were hostesses and served tea and assorted cakes to the guests. The class will meet again in a month.

The monthly business meeting of the Ladies Aid society of the First Baptist church was held in the new church parlors yesterday afternoon, with about 15 of the members present. Several business matters relative to the new church were discussed by the members, aside from several other matters of business importance.

Mr. and Mrs. Will Whipple of Connersville were honored today when a dinner was given in their honor by Mr. and Mrs. Herman Tompkins at their home in East First street. The elegant dinner was served at high noon and covers at the prettily set table were laid for Mr. and Mrs. Whipple, Mrs. Emily Coleman, Miss Henrietta Coleman, Mr. and Mrs. Vernon Masters of Honduras, Mr. and Mrs. E. L. Kennedy, John Kennedy, and Mr. and Mrs. Harry McMillin, and son, Richard.

An interesting meeting of Psi Iota Xi was held at the home of Miss Helen Studder in West Second street last evening when she was assisted in entertaining by Miss Hannah Morris. The greater part of the business meeting was given over to the planning for the concert company, the management of whose dates the sorority has taken in charge. There was a short discussion of "The Helicon" the sorority annual magazine which is to be published by the local chapter in the spring.

The program of the evening was on the musician "Mozart." His life and early experiences were told by Miss Harriet Vredenburg in her interesting paper. The story of one of his operas and the conditions under which it was written was told in the paper written by Miss Marie Clawson and read by Miss Inez Stager. Following a delightful social time during which music was played on the piano, the hostesses served delicious refreshments. Miss Ruth Rhodes of Shelbyville, the house-

guest of Miss Frances Neutzenhelzer, was one of the fifteen guests at the meeting. The sorority will meet again in two weeks.

Martha Poe, chapter 143, O. E. S. will have a regular meeting tomorrow evening at 7:30 o'clock. The degree work will be followed by the service of refreshments.

Mrs. Link's Bible class will meet tomorrow afternoon with Mrs. F. B. Stearns at her home in West Second street. The meeting will begin at 2:30 o'clock and the lesson will be from Judges 1 to 3.

Invitations are out to the Knights Templar for the annual Commandery banquet to be given on Friday evening, February 9th in the Masonic Temple. Following the banquet which will be served at six o'clock, a varied musical program will be given by the L. A. C. orchestra, composed of eight lady musicians. They each play a musical instrument and four of them form a singing quartette. Each Knight has the privilege of inviting two lady guests and tickets must be purchased before February 7th. The committee in charge of the event is composed of E. H. Payne, R. G. Budd and F. M. Sparks.

ENCAMPMENT NOTICE

Bernice encampment No. 12 I. O. O. F. will confer the patriarchal degree Friday evening on a class of seven. Every member is expected to attend.

GOLF DOPE DUE FOR AN UPSET

With Many Promising Youngsters in the Game old Timers Will be Hard Pushed.

OUIMET HELD AN EXAMPLE

Nothing as Fleeting as This Game and no Direction Has Cinch on the Runaway.

BY H. C. HAMILTON.

(U. P. Staff Correspondent.)

New York, Jan. 31.—With Bobby Jones, Norman H. Maxwell, and Perry Adair already sticking around the top most part of the golf's ladder of fame, chasers of the elusive gutta percha are naturally beginning to wonder wotinsamhill is going to happen to the grand old game next summer.

Very good and sufficient reason for the mysterious murmurings are found in retrospection, viz: That Francis Ouimet became an open champion and an infant prodigy when he was but a youth. Also, Walter Travis advanced far into his days and then cracked loose with a championship or so.

Also, one Chick Evans, who horned around the top for a long time, final-

ly busted into a pair of championships all in one summer, after he had barely missed any number of times.

Some one rose to remark not long ago, that the day of the old man was passing from the good old game of hit in and pursue it. But one is led to wonder where in past performances he gets such dope. If anyone can figure that some one's great grandfather isn't about due to cop all the championships this country can spare next summer, it would be worth while to hear him explain why.

It is quite true that the youngsters are coming to the front, but they have done it in spurts. The danger of an unshaved youth wearing away the crowns next summer isn't any greater than the newspapers will print pictures of some greybeard as the next champion.

Nothing is so fleeting as golf fame, and no direction has a cinch on the runway. It is just as likely to run toward the cemetery as the cradle.

And the best part of it is that everything said proves that golf is about one of the most exclusive games—exclusive for all ages—played in this country.

The Young People's Sunday school class of Sexton will give an oyster supper at Sexton on Friday evening, February 9th. The proceeds will be given to the church fund.

Don't forget the Sarah Churchill land sale Friday February 2nd, at the law office of Young and Young, 27512.

THE DAILY REPUBLICAN

TURN HAIR DARK WITH SAGE TEA

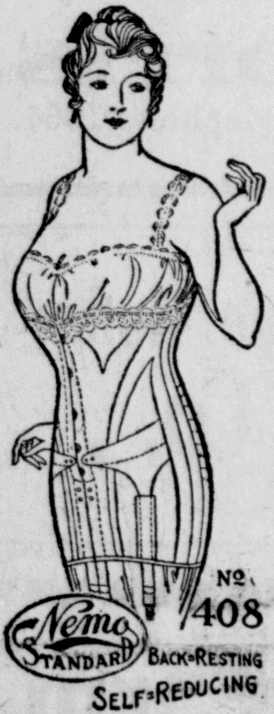

If Mixed with Sulphur It
Darkens so Naturally
Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

THRIFT DAY IS TO BE OBSERVED

Rushville Banks Call Attention to
Special Event to be Celebrated
Generally Feb. 3

EFFICIENCY DEMAND OF AGE

Must Recognize Standards Which
are Set and Thrift is Top-
Notch Efficiency

The Rushville banks are paying special attention to Thrift Day, which will be observed by banks generally all over the United States February 3. The organization back of the movement concerning the spirit of the day says:

The spirit of the season through which we have just passed has been largely that of spending money with a liberal and perhaps a reckless hand. As a result, many individuals are now probably feeling a financial strain.

The beginning of a new year is generally accepted as a particularly appropriate time to make good resolutions and to formulate plans on which to base future operations. In looking forward to this year's activities, is it reasonable to assume that one's obligations will be lighter? No! Experience has taught us that rather the reverse is true—that with each succeeding year increased demands are the order of the day.

Is it not particularly fitting, therefore, following close upon the heels of the New Year, that our next national holiday should be on directing thought and attention not to spending but to saving—to economy instead of prodigality—to ways and means to greater individual conservation as opposed to extravagance and waste?

That in effect is the purpose of Thrift Day, the observance of which was inaugurated throughout the country on February 3rd, 1916. The day will be again observed on the corresponding date of this and each succeeding year.

To practice thrift there must be inspiration; and the inspiration which each of us receives depends upon our individual perspective, our knowledge of what thrift means and a correct vision of the benefits accruing to us personally as a result of its practice.

Thrift in its broader sense represents simply top-notch efficiency. In its full significance it means the reduction of waste to a minimum, the elimination of useless extravagance and the conservation of all resources, whether physical, mental or material.

The demand of the age is for increased efficiency. With it, industry flourishes, advancement is assured and prosperity is certain—by it, progress for the individual, the community, the state and the nation is measured.

The effect of thrift while of vast importance from an economic standpoint, is by no means limited to the financial welfare of the individual. Its practice not only results in a competence in dollars and cents but develops character through self-control, self-mastery and the self-confidence that thrift inspires.

It is for these reasons that the foremost educators of the country are so insistent in their recommendation that thrift be included in the school curriculum in order that the younger generation early in life can be brought to a realization of its importance, its effects and its benefits and through its consistent practice become better men and women and more stable citizens.

Efficiency is the demand of the age. We must recognize standards which are set. Thrift is top-notch efficiency. The greater degree to which efficiency is a factor in our individual lives, the greater is our personal progress. With these thoughts in mind, let us all join in a whole-hearted celebration of Thrift Day, February 3rd.

Pay Telephone Toll.

Don't overlook to pay your telephone toll before Feb. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, Secretary.

Good housekeepers use Red Cross Ball Blue. Makes clothes clean and sweet, like new. All grocers.

Smith Form-a-Truck

50% Cheaper than Horses

The Smith Form-a-Truck will do more than twice the work of one team at no greater cost.

It will replace two or three teams—exceed their volume of deliveries—save the stabling and feeding and the expense of drivers.

Yet it costs less than a single team with wagon and harness.

Actual service records show that it will deliver one hundred 20-pound packages within a one-mile delivery zone at a total cost of less than 7c (exclusive of driver). No team can equal this record.

For longer hauls the savings are, of course, tremendous. Its speed is from 12 to 18 miles an hour. That is four times faster than horses travel.

The total cost of maintenance is less than 7c per ton, per mile. Your records will show that horse-drawn vehicles cost from 20c per ton per mile to 53c.

Smith Form-a-Trucks are being used in all lines of business—large and small—under all conditions—throughout the country.

We will gladly show any manufacturer—any individual—real service and economy achievements in his own line of business.

Immediate Deliveries

Right now we can make immediate deliveries. Better call or write for demonstration today.

The shadow illustration shows the Ford Power Plant, to which the Smith Form-a-Truck is bolted with a vise-like grip.

The heavy illustration shows the Smith Form-a-Truck adjusted to the Ford Power Plant—it carries 90 per cent of the load.

WAS LAST DAY TO ENTER CONTEST

Entry Lists Close in Scholarships
Offered by School of
Journalism.

PRIZES ARE WORTH \$16,500

(By United Press.)
New York, Feb. 1.—The entry lists of contestants in the \$16,500 worth of prizes and scholarships for journalists, offered by the late Joseph Pulitzer through the School of Journalism he established at Columbia University, closed today.

Prizes aggregating \$9,000 will be awarded by the judges for: the best suggestion as to improving the school; the best public service rendered by any American newspaper during the year; the best history of public service rendered by the American press; for the best editorial in any newspaper; the best single example of a reporter's work; for the best American novel; for the best American play; for the best book on the history of the United States; and for the best biographical sketch, excluding Washington and Lincoln as too obvious, on a patriotic citizen.

Five scholarships, including travel privileges, each worth \$1,500, also will be presented to reporters.

Today's Legislative Oddity

Indianapolis — Representative Dynes is no lover of cats. He has introduced a bill in the lower house providing that a tax of 50 cents must be paid on male cats and \$1.00 for females. Dynes says he didn't do it because they keep him awake nights but because cats are carriers of disease.

FOR PARTIES

We have brand new folding chairs for rent; also card tables. Caldwell's Furniture Store. 27416.

RESIGNATION EFFECTIVE

E. N. Hurley Quits Place on Trade Commission

(By United Press.)
Washington, Feb. 1.—The resignation of Edward N. Hurley as chairman and member of the Federal Trade Commission became effective today. Mr. Hurley, who made the first move to establish a uniform accounting system for the industries of this country, and who is a prominent democrat, gave "the pressure of personal business" as his reason for resigning. Private business pays so much better than public office now. President Wilson has frequently stated recently, that it is difficult to get good men for government posts.

ANOTHER BONUS.

Schenectady, N. Y., Feb. 1.—The second installment of the five million dollar bonus the General Electric company is giving its employees this year, was paid in cash to them today. The first payment was made June 30 and Dec. 31.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

FACTORIES MOVE TO NEW QUARTERS

Leave Downtown New York to Save District to the Retail Stores There.

TWO HUNDRED EFFECTED

(By United Press.)

New York, Feb. 1.—Thirty of the 200 factories that are moving out of downtown New York to save the district to retail stores and to cut their exceedingly heavy rent started to get out today. The balance of the 200 will depart gradually, as their leases expire, the last of them to be gone by the end of 1919. Many of them will move to Long Island City and other places in and around New York.

Some of them will cut their rent thereby from \$40,000 a year to \$20,000 or less. This, they say, will make a difference in the price and quality of their products sold to clothing Chicago, San Francisco and other cities' stores. Five hundred million dollars worth of clothing was made annually in this downtown area.

DR. W. E. JENKINS TO SPEAK

I. U. Professor Will Address City Teachers Institute Saturday

The sixth city institute will be held Saturday at the Graham school. The institute will start at nine o'clock in the morning with the discussion of several special topics and the usual conferences will be held. At one o'clock Dr. W. E. Jenkins of Indiana University will address the teachers on the subject "How a Play is Built." The teachers have extended an invitation to the public and anyone interested is urged to hear Dr. Jenkins.

BILL TO DIE IN COMMITTEE

Chiropractor Measure Likely Not to be Reported.

(By United Press.)

Indianapolis, Ind., Feb. 1.—Representative Harker of Frankfort, chairman of the house committee on rights and privileges, today stated that he believed the bill providing for the creation of a state board of chiropractic examiners, would die in the committee. The bill, which was introduced by Representative Aldridge, would place chiropractors in the same profession class with physicians legally. Another bill relating to chiropractors is in the hands of the public health committee of the house which would permit an injunction to be issued preventing chiropractors from practicing.

WHAT-YOU-MAY COLUMN

Necks.

The neck is a flexible device worn by all human beings and some prize fighters. It was given us to keep our heads in. That sounds easy, but—well, look at Louie the Sixteenth.

The neck may also be put to other uses. Some men use their necks to get hungry. Others wear Christmas cravats. The first is fatal; the second merely criminal.

Necks help us a lot in getting along with our bodies. They keep our chins from bumping our breast bones. And they partially overcome the handicap of two eyes in front instead of one front and back.

Necks are necessary in a way too. What would the handsome brutes in collar ads do without them? And where would our Adam's apple go for exercise?

THE MERE FACT THAT Scott's Emulsion

is generously used in tuberculosis camps is proof positive that it is the most energizing preparation in the world. It has power to create power. It warms and nourishes; it enriches the blood, stops loss of flesh and builds you up.

The Anker Holth Cream Separator

is the only Self Balancing Separator on the market. And the bowl is guaranteed to stay in balance the life of the machine. The Anker Holth skims the cleanest and is the easiest to keep clean and can be washed in one half the time you can wash any other separator. Every user of an Anker Holth remarks—HOW EASY it turns. This fact is especially noticeable to those who have operated other separators. A child can operate an Anker Holth with ease. The self oiling system—has no oil holes no feed cups—it simply runs in a bath of oil, and every two or three months change the oil by removing a set screw.

The Anker Holth contains fewer mechanical parts than any other separator made. And the bowl being self draining makes it non freezing in cold weather. There is no number on the disk and they are all interchangeable—they do not have to be kept on a stringer to wash them.

Nothing but the highest grade of steel and the best phosphar bronze and the most durable tinware goes into the construction of the Anker Holth.

The Anker Holth Cream Separator is the best Separator on the market today for Efficiency, Simplicity, Sanitation, Satisfaction and Durability

Call, let us show you the separator and get our prices

HOOSIER PESTS.

Assistant State Entomologist. (Written for United Press.) BY R. E. SNODGRASS.

The roach needs no introduction. Though he is not regarded as respectable, he comes nevertheless, from a very ancient line. He belongs to one of the very first families of insects who trace their pedigree back not a few centuries but billions of years. The ancestral halls of the Cock Roaches preserved in the rocks show that the family flourished when the world was young and that the line has dwindled somewhat since. Housekeepers may see some consolation in this.

In spite of his proven claim to antiquity of descent, however, everybody is down on the roach and would like to see a still greater decline of race. It is well known that he is no great respecter of insect powders. In spite of the terrifying picture on the label depicting one of his family stretched out in rigor mortis. Yet some powders have a deterrent effect on the pest. Prethrum or buchach is probably the best if it is fresh and persistency in the use of any powder, the keeping of all food under cover, and the pantry shelves free from crumbs, is the best remedy that can be advised.

Some of the larger species may be killed with a mixture of powdered chocolate and twice as much powdered borax scattered about their runways. But if you would administer a real knock out dose, use barium carbonate in four parts of flour sprinkled on the shelves. Barium carbonate is a violent poison, however, and will kill cats and dogs or children as well as roaches, so observe great care if you use it.

Plaster of Paris in three parts of flour, with a pan of water near, is also a good remedy.

LISTEN TO THE EVERWELLS

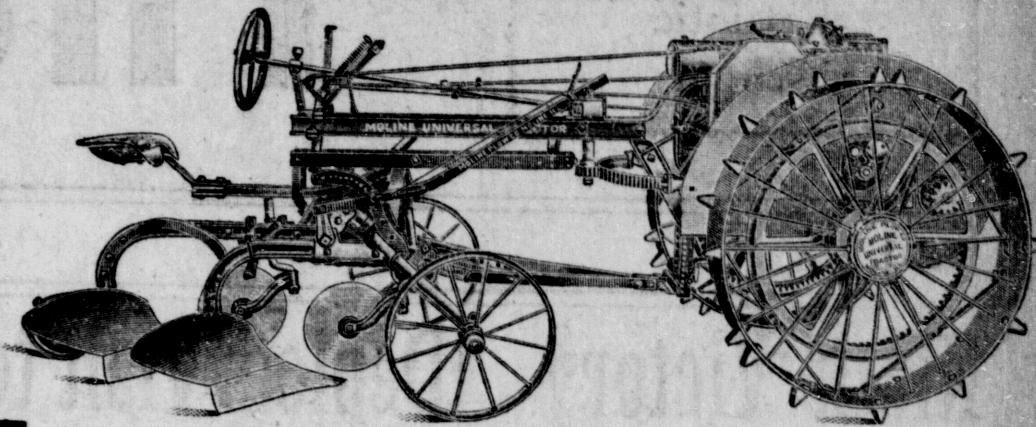

Keep your health and conduct right. And your prospects will be bright! Ph. Everwell

EVERY man's prospects ought to right if his health is in good working order. You ought to take the same amount of care of the frame you reside in as the home you live in. I've found that pure drugs help a lot and I have found the place to buy 'em.

Kelley Convertible Truck Attachment. For Ford Chassis. \$385.00

The Kelley convertible rear-system truck attachment for Ford Chassis has been designed and developed to meet the most universal requirements of buyers of medium-weight trucks. In the production of this truck unit the principal features aimed at are:

- (1) A one-ton truck for general service; of moderate cost and low operating expense.
- (2) Thorough, dependable construction, of standardized parts, to give highest efficiency and economy.
- (3) Simplicity of construction and ease of assembling.

The Kelley Truck employs the use of a one-ton "Celfor" SHAFT and INTERNAL GEAR DRIVE axle with a gear ratio of 7 to 1 and which is manufactured by the Celfor Tool Co., of Buchanan, Mich., one of the leading truck axle factories of the world. For further information see

Ninth Victory For R.H.S. Five

Game With Newcastle Here is Rough-
est One Which Has Been Play-
ed This Season.

THRILLING WORK IS DONE

Team Work and General Play of Lo-
cal Quintet Considered Best
Seen This Year.

(Paul Newhouse.)

The Rushville High School basket-
ball team won its ninth victory of the
season last Friday night when it de-
cisively defeated the Newcastle
quintet on the local floor by the score
of 50 to 15. The game was hard
fought and was considered the
roughest one played here this season.

At the start of the contest both
teams seemed evenly matched. Thorpe
made the first goal for Rushville
which was soon followed by one for
Newcastle caged by Pence. Rushville
then assumed the lead and after the
first five minutes the outcome was
almost certain. The Newcastle team
could not stand the speed and endur-
ance of the local five and as a result
they bowed before the Rush county
lads.

The game was featured by many
rough plays on the part of both
teams. Time and again the spectators
were brought to their feet by the dar-
ing and thrilling work of both quin-
tets. The team work and general
play of the local five for the first
half was said to be the best which
has been displayed here this season.

Lineup and summary:

Rushville (50)	Newcastle (15)
Thorpe Forward	Poston Forward

Oakley, Keating	Pence
Martin Center	Coffield, Upham
Reed Guard	Wise
Newhouse Guard	Klinger

Field goals: Thorpe 12, Martin 8,
Poston 1, Pence 3, Coffield 1, Wise 1.
Reed 3.

Foul goals: Martin 2, Poston 3.
Referee: Red Lyde of Conners-
ville.

Overheard in Dressing Room.

(Norman Reed.)

N. H. S. had that old Turk "Ala-
Bi" with them: they asserted that
they "had lost their captain" and
"had a slump."

The best we can say for that New-
castle aggregation of pugilists is that
they are game losers: they didn't
throw up the sponge until the gong
sounded the end of the round.

Coach Masters says that "grin-
ning, and grinning hard" is a big
factor in getting the long side of the
score.

If the Newcastle players attempt
to abbreviate their uniforms any
more they will be in the same class
with Ruth St. Dennis and Gertrude
Hoffman.

Even if the play was dull the suits
were brilliant—Irish green and Eng-
lish scarlet.

Those Newcastle forwards were
about as graceful as one armed pa-
per-hangers and about as fast as a
Chicago policeman, arresting Jack
Johnson.

"Lil' Arthur" Brown, logical suc-
cessor to Jack Johnson, secured a
decision over "Mighty" Wise, cham-
pion pugilist on the Newcastle team,
in a bout staged in front of the
Greek Candy Store on last Friday
night. Wise unwisely took the of-
fensive and Lon did the thing up
"Brown" when forced to defend him-
self against the insults and blows of
his opponent. Fists, feet, and teeth
were the weapons used. Witnesses
of the affair report that the fight
was both "earie" and "colorful!"

Depicts Visit to The Republican

Katherine Todd Describes Trip of
High School Newspaper Writing
Class to Print Shop.

ON A TOUR OF INSPECTION

Students View Editorial, Business
and Mechanical Departments.
and Hear How They Are Run.

(Katherine Todd.)

The students of the Rushville High
school who are enrolled in the course
in Newspaper Writing enjoyed a uni-
que experience last Thursday morn-
ing, when with their instructor, Earl
Marlatt, they were allowed to visit
the Republican Printing Office as a
part of their daily recitation.

They were first taken to the repor-
torial and editorial office, where the
local, domestic, and foreign news is
received and put in form. Here Roy
Harrold was in charge as managing
editor, assisted by Frances Frazee,
society editor, and Allen Hiner, city
editor.

From here Mr. Harrold conducted
the students to the circulation de-
partment, where all the business af-
fairs are managed, advertising at-
tended to, and accounts kept by B. O.
Simpson, business manager, and
Louis Hiner, circulation manager.
Here, before handing his charges over
to W. O. Feudner, general man-
ager, Mr. Harrold proceeded to tell
them something of journalistic es-
sentials and ideals and to give them
some "pointers" on the road to suc-
cess in newspaper work.

With Mr. Feudner as a guide, the
pupils were taken to the printing
room where the mechanism of the
linotype machine, which makes and
sets the type for the paper was ex-
plained to them. They were also
shown the department where the
type is set by hand and the metallic
forms are made ready for printing.
The job-press, which does all the
printing in the office except the
newspaper itself excited much com-
ment as it was in operation printing
bills at the time. Last of all Mr.
Feudner directed the attention of the
class to the large Goss "Comet"
Printing Press, which enables the
Republican Company to print and
fold ready for delivery 2240 papers
in forty minutes.

Owing to the kindness to the Re-
publican Co. officials, the trip proved
both interesting and instructive to
the pupils and gave them a better
conception of newspaper work than
they could have received in any other
way. As souvenirs of the occasion
the Republican Company presented
the members of the class with post-
cards bearing pictures of the plant
which they had just visited.

Half Witticisms

Mr. Marlatt: (In Public Speaking
Class): "Now, in interpreting the
emotion of passion you should think

brown."

Helen Frazee: "Why brown for
disgust?"

Mr. Marlatt: (Looking at Halbert,
who is "performing" as usual): "Be-
cause Brown is disgusting."

Experience

I ran into a kicking mule,
One day while I was strolling;
He lunged at me; as is the rule,
Away I went a rolling.

Next day as on a log I sat,
A mule broke thru the fence;
I ran the mile in sixty flat;
For I had had experience.

Harry Schatz, "The Hebrew Scream"

All-Knowing Senior: "Why cer-
tainly, you boob. They wouldn't ad-
vertise it that way if she wasn't."

Sophisticated Junior: "Gee, if I'd
known that I'd given a quarter."

..Views and Interviews..

The Rushlight

From the columns of this page
"The Rushlight" makes its bow to
the Rushville public. Unheralded
and unpretentious, it enters the field
of local journalism, obsessed with a
fear that it may seem amateurish
yet cherishing the hope that it may
present the newest and best in news-
paper writing. The sheet is the work
of High School teachers and pupils,
who have become imbued with a de-
sire to develop a larger and a better
school and a more school-enlightened
public. If it succeeds yours will be
the benefit and ours the praise.

Our title is illuminating: it sug-
gests not only the name of our city
and county but also the nature of our
sheet. Not so egotistical as to call
ourselves the "X-Ray" nor so arro-
gant as to choose "The Clarion," we
are content to be a "Rushlight,"
humble but unfailing, inconspicuous
yet enlightening.

Our purpose is to present the inci-
dents of high school life so accurate-
ly yet "spicily" as to inform the pub-
lic and inspire the students. If we
can clothe the hum-drum and prosaic
grind of recitation routine with hu-
mor and with poetry, we will have
made the pupils happier, the parents
more content. With this as our in-
tent we bring you this the first issue
of "The Rushlight." We hope for
praise but welcome criticism.

"Lets Cut the Rough Stuff."

(Katherine Todd.)

In connection with the basket ball
game played here last Friday night
between the Rushville and Newcastle
High Schools, there has been quite a
little comment on account of the
roughness of the contest. It seems
that both quintets were more intent
on the punishment of their opponents
than piling up a score in accordance
with the regular rules of the game. A
feeling more intense than the friendly
rivalry which is supposed to be the
spirit of the inter-scholastic contests
existed between both players and
spectators. Some enthusiastic
"Rushers" even went so far as to
tamper with the automobile which
brought the Newcastle players to this
city.

While this speaks well for the loyal
support which the pupils give to the
High School, yet it will be seen that
those same pupils, in acting as they
did last Friday night, have done their
school a great wrong. Heretofore in
accordance with the instructions of
the teachers, the students have suc-
cessfully tried to win a game in two
ways. This first, of course is by ob-
taining the highest number of points
and so winning the game itself. The
second and equally important method
is treating their opponents with a

civility and courtesy which will in-
sure their good will and cause them
to feel that they have received a fair
showing. The result of this was a rep-
utation for fairness of which any
school might well be proud. Friday's
treatment of the visitors was the first
blot on our record. Until then we
had kept well within the bounds of
the spirit of the inter-scholastic
games. We had learned to receive
our defeats philosophically and not
to be too elated over a victory.

"Look to the future," was the gist
of all Coach Masters comments on
every game and we had learned our
lesson fairly well.

Perhaps Newcastle's reception of
their defeat was partly the cause of
the treatment which they received,
but however that may be the conse-
quences are the same. The bright
reputation of our school has been
somewhat dimmed and it will not
easily be redeemed. Furthermore,
the habit of "raising a rough house"
with a rival school has been acquired
by some pupils and, like most other
habits, it will be found that it is hard
to overcome.

In the way of a ward to the wise,
let it be said that if anyone wishes
to "heap coals of fire on the enemy's
head"—to "rub it in" as we say—the
best way to do it is not to gain their
ill will by "pulling off a lot of rough
stuff," but to "hand them taffy." Then
they will have no cause to com-
plain and no excuse to make for the
defeat which we hope to give them.
Along with that we will have regained
our reputation for fairness. "Lets
cut the rough stuff."

Parent and Teacher.

Oftentimes parents are shocked to
hear that their children in school are
regarded with an antagonism by
their teachers. This, they find,
comes from the attitude of the stu-
dent toward his instructor.

At first, this may cause the parent
to think of his duty to the child. He
may be taken from school and put to
work; or he may be left in school on
the condition that he improves. Either
plan may prove effectual in re-
forming his conduct.

On the other hand, the indulgent
father or mother may neglect or ig-
nore this subject. A small amount of
chiding may be given and the affair
be dismissed with that. With this
action the same careless habit will
undoubtedly soon reappear. So the
poor, burdened, teacher must again
bear his hardships.

Whatever the course of the parents
in this matter, they must always real-
ize that they, because they have
been lenient in demanding obedience
are the real cause of the strife be-
tween pupils and teacher.

...Verse and Reverse...

"His Dream Girl."

It was at a party that he first met
her. The evening had been very en-
joyable and at last Slimkins reached
complete happiness; for he was in-
troduced to Miss Sawyer. She was
the target for all admiring eyes. Her
hair was light and curled around a
face which was very lovely. She wore
a filmy creation which reminded
Slimkins of pictures he had seen and
admired.

He danced two dances with her
and when the guests began to say
"good night," he asked to take her
home. She was, of course, delighted.
He called several times after this
and each time fell deeper in love
with his "dream," as he had chosen
to call her. One night with a great
deal of difficulty and embarrassment,
Slimkins declared his love.

"My darling," he said, "do you
realize that I have no other interest
in life except you. You are my only
thought, my everything. You are my
one dream girl. Please make my
dream come true! Say that you love
me! Won't you—won't you—marry
me?"

This said, Slimkins sat back reliev-
ed. He had attempted this avowal

several times and had at last made
known his desires.

Jane Sawyer was quite overwhelm-
ed at this unexpected feeling toward
her but after a few moments hesita-
tion, answered with a shy "Yes."

The next evening, Slimkins came
proudly bearing the ring. To his dis-
may and sorrow, his fiancée had been
unexpectedly called away. She had
left no address for him but a note
saying that she would write and ex-
plain her absence.

Slimkins waited days and weeks;
finally two months had elapsed be-
fore he heard from her. The letter
said that she had been called to the
bedside of a sick aunt and was forced
to stay for about six or eight
months. Slimkins was almost dis-
tracted, to think of not seeing her
for at least six months! He could
not go to see her for she was too far
away.

He managed to exist at least
through the dragging hours and at
last received a telegram saying, "Will
be home on 6:40 train. Meet me."
J. S.

Slimkins started to the station at
exactly six o'clock. He had only

Is Second Game For Greensburg

Rushville High School Basketball
Term Will Meet Decatur Coun-
ty Five Friday Night

WILL BE ON LATTER'S FLOOR

Followers of R. H. S. Quintet Are
Just as Confident of Victory
as Before

The Rushville High School basket-
ball team will play the quintet from
Greensburg on the latter's floor on
next Friday evening. The game will
be the second contest of the season
between these rival aggregations and
promises to be a struggle of unusual
speed and closeness.

A newspaper man from Greensburg
when consulted concerning the game,
reported that the Decatur county five
had shown marked improvement
since its defeat here and predicted
that the contest would result dis-
astrously for the red and black. The
followers of the local team are just
as confident of victory, however,
since the Rushville quintet display-
ed the best form of the season in
moments of last Friday's game with
Newcastle. With so much optimism
on both sides the engagement bids
fair to be a battle royal and Green-
sburg is making preparations to
handle the largest crowd of the cur-
rent term.

Mr. Stewart is especially anxious
that a large number of pupils should
accompany the team on the trip
since Greensburg is his home com-
munity. This in addition to the
doubtful outcome of the game should
make the contest unusually attrac-
tive to "rooters" and it is confident-
ly expected that the "Rushers" will
have ample encouragement from the
side-lines.

about eight squares to walk but he
could not think of being late. Hav-
ing arrived at the station, he sat
down and attempted to read the ev-
ening paper. Unable to do this, he
got up and walked around a bit. He
felt that something strange was go-
ing to happen and still—no, he was
only nervous. Half past six came
and at last six-forty. The train was
five minutes late. Poor Slimkins
grew more excited every minute. Here
came the train puffing into the sta-
tion and when it had come to a
standstill, the passengers began to
alight. It seemed to Slimkins that
there must have been several hundred
people on that train. Finally there
were only a few passengers left and
his sweetheart had not yet come in
sight. He was frantic! But who
was that fat awkward thing toiling
toward him. She had Jane's face but
oh it could not be Jane for she had
been slender and graceful! She was
speaking to him—calling him "dear"
—asking "if she did not look well"—
and if "— Slimkins heard and re-
membered no more. His Jane, his
little sweetheart, had gained not less
than sixty pounds and might well be
taken for a fat lady in a sideshow.
Slimkins "dream" had become a
"nightmare."

He did not deliver the ring; it was
too small; and then too Slimkins in-
come was as slim as himself; it
would have kept a little girl but not
a large party.

—Mary Louise Poe.

"Friday's Basket Ball."

It makes no difference how we work,
For five long days at teacher's call,
Our jaded spirits do not shirk,
At Friday's game of Basket Ball.

Our players are the very best;
Both short and fat and thin and
tall,
They try to win for R. H. S.,
At Friday's game of Basket Ball.

And when the year is done in June,
We all will gather in the hall,
And sing the Rushville High School
tune,
To honor Friday's Basket Ball.

—Gertrude Wilkinson.

Princess to Be Heard Friday

Neawanna, Ojibwa Indian and Car-
lisle Graduate, Will Speak to
the Rushville High School.

APPEARS IN NATIVE GARB

Her Lecture is Review of Historical
Incidents Leading to Occupa-
tion of White Man.

(Paul Newhouse.)

During the period for opening ex-
ercises last Tuesday morning, the
students of the local high school sub-
scribed enough money to defray the
expenses of a lecture to be given in
the assembly room on Friday after-
noon by Neawanna, a real Ojibwa
princess.

A graduate of Carlisle University
and a beautiful and charming girl,
this Indian Princess brings to her
work both personality and intellect.
She has made an intensive study of
Indian history and mythology and is
recognized as one of the most novel
and instructive speakers on the mod-
ern platform.

Her lecture is a review of the his-
torical incidents, which led to the
occupation of North America by the
White Man, with all of its tragic
consequences to the red race. She
will appear in the native costume of
her tribe and this alone should make
the lecture educational as well as at-
tractive.

Neawanna has been highly recom-
mended by the Mishawaka and La-
fayette High Schools where she has
lectured and consequently her com-
ing is eagerly anticipated by the stu-
dents of both the Junior and the Sen-
ior High Schools.

Red Hot Stuff

Mr. Stewart (In Geometry class):
"John, prove that your girl loves
you."

John Lewis (With his inimitable
grin): "To prove that my girl loves
me. We have given myself, a lover,
and my girl, a peach. To, prove
that she loves me. Proof: All the
world loves a lover; my girl is all
the world to me; I am a lover, there-
fore, my girl loves me."

Mt. Stewart gave him an "A" on
the recitation and the class gave him
a "hand."

—M. T. Skull.

"There are meters of accent

There are meters of tone

But the best of all meters

Is to meet her alone.

There are lovers of style

There are lovers of tone

But the best if all lovers

Is to love her alone.

There are letters of accent

There are letters of tone

But the best of all letters

Is to let her alone."

—Contributed by Cyril Arbuckle.

Katherine Todd: (In Poetry Class)
"Why is double rhyme called fem-
inine?"

Mr. Marlatt: (Knowingly): "Be-
cause it's like the feminine sex—
double."

Alfred Gilbert: (In Chemistry
Is surely a "darb" and a "dinger,"
Perlmutter chemicals "

Now Thorpe, the renowned "pellet-
finger"

Is surely a "dark" and a "dinger,"

Why only last Friday

He showed Mister Lydy

He's more of a "clinger" than

"Klinger."

—Mary Louise Bliss will spend the
week-end in Oxford, O.

—Lois Reeve went to Indianapolis
Tuesday to consult an ear specialist.

LOT PLAN IS TO BE TRIED HERE

John Crowley Donates First One of
Number Which are to be Sold
to Locate Factory

OTHERS URGED TO DO SAME

Lots Will be Sold at \$150 and Buy-
ers Draw for Distribution—
Donators Get Stock

Since this is the first of the month
and a good time to start anything,
boosters behind the movement to
bring a new industry to Rushville
decided today would be a most aus-
picious time to announce that the lot
donation plan would be attempted as
a method of raising money to bring
a factory here.

As a beginning, John Crowley said
that he would donate his lot in North
Sixth street, for which he paid
\$300.

Any others who desire to donate
their lots for the good of the project
are urged to call or notify the Daily
Republican, giving the location of
their vacant lot, and their name will
be placed on the honor roll.

The plan has been explained be-
fore. It contemplates that owners
of vacant lots shall give the lots to
the factory movement and shall re-
ceive in return \$150 worth of stock
in the new factory for each lot. In
turn, the lots will be sold for \$150
each and a drawing held to determine
how the lots shall be distributed. The
same method was employed when the
Tunis-Pearce furniture factory burned
down many years ago and the
Payne, Reeve and Allen addition was
sold to keep the factory here.

It is believed by the factory boost-
ers that there are on hundred vacant
lots in Rushville which should be
given to this worthy movement. In
that event, \$15,000 would be realized
off the sale of the lots to be devoted
to the factory.

It is advocated by the boosters
who have the movement in hand that
any citizen of Rushville who has his
money invested in Rushville is, of
course interested in the industrial
advancement of Rushville and should
grasp this opportunity to help benefit
the city.

It is pointed out that there is not
a vacant lot in Rushville which is
not worth \$150. Practically without
exception they are all improved. The
lot owner who contributed one or
more, could buy one or more lots, and
in the drawing he would stand a
chance of coming out with a better
lot, in addition to having the stock
in the concern.

While there is some element of
chance in the project, those father-
ing it show that Rushville will never
gain anything worth while unless it
puts something into an enterprise.
There is a big chance that when the
proper kind of a factory is located, it
will make large returns to the stock-
holders as well as bringing many
families to Rushville to occupy the
vacant houses; and as well cause a
much greater amount of money to be
circulated here. This, of course,
would result in more business for all
lines of business and greater prop-
erty for every resident here.

The factory boosters now have a
proposition, one which gives promise
of being just the sort of a thing that
Rushville is looking for. No details
have been disclosed yet and will not
be until the proposition is thoroughly
investigated and it is well establish-
ed that the city is not aiding any
"gold brick" enterprises. The fac-
tory under consideration, while only
in the making, promises employment
of 100 men within six months after
it is established.

Of course, the purchasers of the
lots or the donators would not be
asked to make any actual investment
until the factory proposition, its
hopes and ambitions, had been fully
explained to the persons financially
interested.

MORE CANDIDATES COME OUT TODAY

Mayor Bebout is Candidate for Nom-
ination and Frank Abercrombie
For 1st Ward Councilman

THREE-CORNERED CONTEST

Two more republican candidates
appeared today. Mayor Clata L. Be-
bout announced late today that he
would be a candidate for mayor at
the primary and Frank Abercrombie
declared his intentions of seeking the
nomination for council from the First
ward.

Mayor Bebout's announcement
came late today and for this reason
a full presentation of his claims
cannot be presented. His entrance
into the race makes the republican
primary contest for mayor a three-
cornered affair. The other two can-
didates are A. B. Irvin and Harley
Feazler.

Mr. Abercrombie is a well known
young business man of this city and
while he has always been a republi-
can this is his first venture into poli-
tics.

MARY A. SHERMAN DIES OF PNEUMONIA

Illness of Almost a Month Proves
Fatal Today—Native of Rush
County Born 84 Years Ago

FIVE CHILDREN SURVIVE

Mrs. Mary A. Sherman, age eighty-
four, widow of the late Charles
Sherman, died at the home of her
son, Ed Sherman, 502 East Eighth
street, shortly after one o'clock this
afternoon of bronchial pneumonia.
She had been sick for almost a month
and for the last few days her condi-
tion was critical.

Mrs. Sherman was born in Orange
township December 25, 1832 and
lived in Rush county all of her life
with the exception of six or seven
years spent at Champaign, Ill., and
about two years at Kokomo, Ind.
She was the daughter of Mr. and
Mrs. Isaac Conde. She was married
to Charles Sherman November 20,
1854 and he died February 10, 1891.
Six children were born to the union,
one of whom died. Mrs. Sherman
was a member of the Methodist
church.

Surviving her are five children—
Mrs. Charles Harb of Lansing, Mich.,
C. V. Sherman of Ionia, Mich., and
Miss J. M. Harrold and Wade and
Ed Sherman of this city. A brother
and sister also survive, W. S. Conde
of this city and Mrs. William Posey
living west of Rushville. The fun-
eral arrangements are not yet made.

DEPENDENT ON INTUITION

F. A. Connelly Says he Felt Some-
thing Would Happen on Market

(By United Press.)
New York, Feb. 1.—Francis Con-
nelly, partner of R. W. Bolling,
brother-in-law of President Wilson,
in the firm of F. A. Connelly and Co.
of Washington told the house "leak"
committee today he did not realize
the importance of the telegram he
sent to E. F. Hutton and company
the day before President Wilson's
peace message was published. He
said he merely knew by his "own
survey of the situation" that some-
thing should happen.

SPANISH NOT ABASHED

Madrid, Feb. 1.—Following meet-
ing of the cabinet today, official an-
nouncement was made that the Span-
ish ships would continue their
traffic with the allies but that "sev-
ere defensive measure would be
necessary."

L. P. DOBYNS SAYS THAT HE IS DRY

Senator From Rush, Decatur and
Hancock Counties Replies to
Telegram Sent From Rushville

NO TRUTH IN REPORT HERE

Declares That in Carrying Out Wish-
es of Majority of Constitu-
ents, Couldn't Vote Wet

Any doubt as to how Senator Lem
P. Dobyns, representing Rush, De-
catur and Hancock counties in the
state senate, stands on the Wright
prohibition bill, which was expected
to come up for a vote in the senate
today, was dispelled in letters re-
ceived here yesterday from the sen-
ate in answer to the telegram sent
him Sunday night urging him to vote
in favor of prohibition.

The telegram was sent to Senator
Dobyns after resolutions had been
passed favoring statewide prohibi-
tion. Senator Dobyns states that
there is no truth in a report current
here that he would vote against pro-
hibition and declares that in carrying
out the wishes of a majority of the
people of his district he would not
vote wet and be consistent.

Letters from the senator were re-
ceived by Lou Link of the Rush
County National bank, W. A. Alex-
ander and several others. The let-
ter received by Mr. Alexander, which
is similar to the others, is as fol-
lows:

"Dear Sir—There is no truth in
the report being circulated in your
county that I may vote against the
prohibition bill. I believe a true rep-
resentative will vote for any meas-
ure the very great majority of the
people he represents desires and I
believe I know what the majority of
the people of Hancock, Rush and De-
catur counties desire. I will cer-
tainly vote in favor of the prohibi-
tion bill. If you see fit you may pub-
lish this.

"Respectfully yours,"

"LEM P. DOBYNS."

Dry workers here were elated over
the stand of Senator Dobyns. The
question. The letter, it is pointed out,
campaign and there was some doubt
as to how he stood on the liquor
question. The letter, it is pointed out,
is plain enough to show Senator
Dobyns' views and his attitude. In
the various polls published by the
dry federation in Indianapolis Sen-
ator Dobyns had always been classed
as dry and how the rumor started
that he was opposed to the prohibi-
tion bill is not known.

Local Veteran of Fifty Years In C. H. & D. Service Has Been Rewarded with Pension

William Regan, known to a large
circle of friends as Teddy Regan,
starting today will draw a monthly
pension from the C. H. & D. rail-
road. Regan is the flagman for the
C. I. & W. road at the Sexton street
crossing in this city. The pension
comes to Teddy as a reward for fifty
years of service for the C. H. & D.
While he is no longer employed by
this road, the C. H. & D. will pay the
pension and he will continue to work
for the C. I. & W.

Teddy Regan is a railroader of the
old type. He has been through the
service from "A to Z." He has seen
service with the construction gang,
acted as brakeman in both the
freight and passenger service and for
the past eight years has been a
flagman in this city. Regan has the
distinction of being the first and
only man thus far to be placed on
the pension list between Hamilton,
Ohio, and Springfield, Ill. He worked
for the old C. H. & D. for so long
a time that they did not take into

BAND TOGETHER TO INSURE STOCK

Farmers of Rush County Form Or-
ganization Today With Initial
Membership of 450.

CONSTITUTION IS ADOPTED

Blanket Policies to be Issued Instead
of Descriptive—Officers
Are Elected.

The Rush County Live Stock in-
surance company was organized to-
day with Albert Leisner as presi-
dent; Edward Lowden, vice-presi-
dent; Earl Priest, secretary, and
John Hill, treasurer.

The organization meeting opened
in the assembly room of the court
house, but the crowd became so large
that the afternoon meeting was held
in the court room. The organization
starts out with a membership of 450.
It is an organization similar to the
farmers fire insurance company, and
plans to insure cattle, horses and
mules from death by natural causes.

Most of the day was taken up with
the adoption of the constitution. The
greatest wrangle occurred over the
kind of policy to issue—descriptive
or blanket. The blanket form was
adopted following an hour's debate.
Under the form of insurance to be is-
sued the members can carry any
amount they desire and in case of a
loss sufficient to cover the face value
of the policy, the insured goes with-
out insurance the rest of the calen-
dar year and at the same time pays
the assessments.

The constitution as adopted pro-
vides that the maximum amount to
be paid for the loss of a horse is to
be \$200 and the maximum amount
for a cow, \$100. A large number of
the members present wanted the in-
surance policies to be descriptive,
but this was voted down. The same
plan is to be followed in the blanket
insurance as is now used in the
farmers fire insurance company.

At the start of the meeting it was
voted to exclude sheep from the
risks of the company. The officers
of the company are to be seven in
number, including three adjusters,
who will be members of the board of
directors.

There was also quite an argument
as to when the company should start
paying insurance on animals insured.
It was voted to insure colts and
calves only after they were four
weeks old.

Under the by-laws the secretary is
to receive \$1 for each policy issued
except to charter members. He is

WILSON'S REPLY IS ABOUT READY

Secretary Lansing Prepares Com-
munication, Which is Guarded
With Utmost Secrecy

PASSPORTS TO BE REFUSED

(By United Press.)
Washington, Feb. 1.—President
Wilson is about ready to announce
this government's answer to Ger-
many's warning of future unrestrained
naval warfare.

Acting upon instructions from the
president, Secretary Lansing has
prepared a communication, the na-
ture of which is guarded in secrecy.
At the same time the state de-
partment has issued an order re-
fusing passports to travelers plan-
ning to sail for European ports.

This action by the state depart-
ment served to increase the tension
surrounding all developments today
following receipt of the German note.

6 VESSELS VICTIMS SINCE NEW ORDER

Four British, Belgian and Dutch
Ships Are Sent Down as Re-
sult of German Change

NO SURPRISE FELT IN LONDON

(By United Press.)
London, Feb. 1.—Two more ves-
sels, a British steamer and a Belgian
steamer, were reported this after-
noon as victims of the German's new
ruthlessness plan. This makes a
total of six vessels so far reported
sunk since the German decree bar-
red zone order went into effect.

By ED L. KEEN
(U. P. Staff Correspondent.)

London, Feb. 1.—Germany's new
submarine campaign of ruthlessness
is under way. The Dutch steamer
Epsilon was the first victim to be
sunk in the barred zone today. Three
British fishing smacks were also
among the first vessels found to have
been sunk in pursuance of the new
German order.

Official circles were not surprised
at Germany's open announcement of
sea terrorism. The note confirms
what they had understood and antici-
pated for some time. It was to take
advance measures against just such
a plan as Germany now announces
that the recent conference of naval
officials of all the allies was held in
London. The recently announced
North Sea mine blockade was like-
wise decided upon because England
expected such an announcement.

ORDER PREVENTING DEPARTURE LIFTED

Fear That Interned German Vessels
in New York Harbor Might be
Scuttled Cause

ALL SHIPS ARE TURNED BACK

(By United Press.)
New York, Feb. 1.—After special
guards had been established about
interned German liners anchored at
Hoboken and other New York piers
the order issued by collector of the
port, Malone, last night, prohibiting
departure of any ships was lifted to-
day.

Rumors that the crews might at-
tempt to scuttle the ships and then
flee in the event of a declaration of
war were flying fast. A United States
destroyer turned back all ships last
night.

British naval preparations around
New York harbor within the last few
days gives ample proof that Great
Britain is prepared for war.

WRIGHT DRY BILL AMENDED TODAY

Third Reading and Final Action is
Made Special Order of Busi-
ness Tomorrow, 10 A. M.

DRUG STORES PROHIBITED

Another Amendment Changes Time
for Taking Effect From Jan.
1, 1919 to April 1, 1918

(By United Press.)
Indianapolis, Ind., Feb. 1.—The
Wright prohibition bill was amended
by the senate on second reading to-
day. It was evident, however, from
the amendment offered that the
measure was in the hands of friends.

Following a fight over the date on
which the law would become effective
a compromise was reached to make
it April 2, 1918. The compromise
motion was made by Senator Mercer.
An amendment offered by Senator
Culbertson to make the measure ef-
fective January 1, 1919 was defeat-
ed after a hot debate.

Republican floor leader, Robinson
pointed out that the Culbertson
amendment would make the law ef-
fective just before the meeting of the
next legislature when an attempt
would undoubtedly be made to repeal
the measure. He declared that the
bill should go into effect immediately.

Senator Chamber's amendment to
prohibit drug stores from handling
intoxicating liquors was adopted by a
large majority. Another amendment
offered by Senator Erskine to per-
mit plants now engaged in the man-
ufacture of beer to make drinks con-
taining not more than one-half of
one percent of alcohol was also pass-
ed. With these amendments the bill
passed second reading and was or-
dered engrossed. Third reading and
final action was made a special or-
der of business for ten o'clock to-
morrow morning.

Three bills passed the house, one
prohibiting the practicing of palm-
istry, another providing means of the
establishment of county libraries
and the third providing for the ad-
mittance of soldiers, soldiers' wives
and widows to the Indiana soldiers
home.

Prohibition advocates from all
parts of Indiana flocked here today
for the greatest demonstration ever
held in interests of the dry element
in the state. The prohibitionists came
in on trains, interurban cars and in
automobiles. The white ribbons
were in evidence everywhere.

The gathering was called in connec-
tion with the action of the senate on
the Wright prohibition bill which
would make Indiana dry in 1918. The
bill, which was scheduled to come up
for senate action, has already pass-
ed the house. If it receives favor-
able action in the senate, it will be
ready for the governor's signature.

The bill, which is one of the most
stringent ever drafted, provides that
intoxicating liquor cannot be manu-
factured, sold, given away or trans-
ported in the state except under cer-
tain strict conditions. Before amend-
ed, the bill provided that druggists,
carrying a stock valued at \$1,000,
would be permitted to sell pure grain
alcohol on prescription of a compe-
tent physician but only one sale
could be made on each prescription.
The druggist would have to give bond
to obey the law and would make
reports of sales to the county audi-
tor every six months.

One quart of whiskey or wine and
two dozen bottles of beer would be
allowed for private use.

The penalty for violation of the
law is fixed at a fine from \$50 to
\$500 and imprisonment of from thirty
days to six months.

That Governor Goodrich will sign
the measure, if it passes the senate,
is practically certain.

Bedford—Thomas W. Box sold one
pig for \$66.70. It weighed 550
pounds.

ORDER PREVENTING SHIPS' DEPARTURE LIFTED TODAY

Continued from Page 1.
Britain knew of the approaching pronouncement of Germany.
Great Britain's North Atlantic squadron was ordered into water adjacent to these waters several days ago. It is believed these precautions were taken with a view to using the warships as convoys to any vessels which might leave.

PRESS SUPPORTS ORDER

German Newspapers and People Satisfied With Change in Tactics
By CARL W. ACKERMAN
(U. P. Staff Correspondent)
Berlin, Feb. 1.—The German press supports the government in its move for a barred zone about Germany's enemies and removal of the restrictions on naval warfare.
So far there have been no demonstrations. The German people appear satisfied with the decision reached by the government.

SITUATION IS VERY TENSE

Premier Asquith Says English Can Counteract German Order

(By United Press.)
London, Feb. 1.—"It is impossible to dispute the gravity of the situation," declared Premier Asquith today, addressing a meeting and commenting on the new German blockade order.

"But with the navy supplementing such other measures as the arming of merchantment and acceleration of new tonnage we may hope to counteract it," he added.

GERMAN FREIGHTER SINKS

(By United Press.)
Charleston, S. C., Feb. 1.—A German freighter in harbor here since the war started mysteriously sank today. Tugs standing by offered assistance but it was refused, their captains said. Shipping men believed that the vessel was deliberately sunk.

TAFT DENOUNCES ORDER

Concord, N. H., Feb. 1.—Speaking before the legislature here today, Former President Taft, denounced Germany's declaration of unrestrained naval warfare, calling it a "grossly unwarranted expansion of the rights of blockade."

to get the fee of \$2.50 for each new member secured. The membership fee after today is to be \$5. The charter members paid the sum of \$3. The adjusters are also to get the sum of \$2.50 for each new policy holder secured. The meeting of the stockholders is to be held in Rushville the first Saturday in February of each year, starting in 1918.

Fred Bell presided at the meeting today. A. L. Gary is the company's attorney. Glen Miller and Rue Webb were active in starting the organization and were instrumental in calling the meeting for today. It was estimated that over 500 farmers crowded into the court room this afternoon for the meeting.

BROOKLYN PRIEST WAS NEARLY CONVICTED AS A SINN FEINER

(U. P. Staff Correspondent.) BY FRANK GETTY.

London, Jan. 15.—(By Mail)—There was a young Catholic priest from Brooklyn, N. Y., who just wriggled into England between the inhospitable claws the British had unsheathed to protect the Empire against unwelcome visitors. The Philadelphia brought him to Liverpool from Flatbush, and nearly took him back. For Father William J. Fallon, well-known among the Catholic clergy of the East, was almost convicted of being an Irish rebel.

In the spontaneous arguments that developed in the smoking room of a transatlantic liner, the "little bit of heaven" had a farm supporter in the enthusiastic young priest. Home rule was his theme, and he upheld it vigorously before the florid Canadian lawyer.

One old gossip, whose elbow was worn crooked and who, if he lived in London would be required to wear a shade over his nose at night under the Defense of the Realm Act, tipped off Captain Candy that he was harboring a Sinn Feiner.

Helen Clark

Popular Concert Contralto

An American girl who has gained great popularity because of her rich voice and sound musicianship.

Thomas A. Edison Wants You To Hear This Test

Tuesday Evening, February 13 at 8:15, United Presbyterian Church

Many famous artists have made these "Tone Tests." Read what the papers say:

"Impossible to distinguish between the singer's living voice and its re-creation by the instrument that bears the stamp of Edison's genius."

Boston Herald Nov. 19th, 1915.

"The ear could not tell when it was listening to the phonograph alone. Only the eye could discover the truth by noting when the singer's mouth was open or closed."

N. Y. Evening Mail, May 3d, 1916.

It was virtually impossible to distinguish between the real voice and the Re-Created voice of the singer."

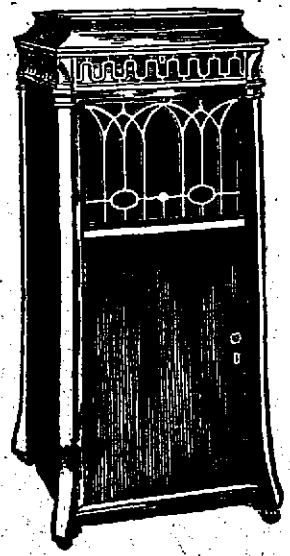

Philadelphia Evening Telegram, April 28th, 1916.

"Christine Miller herself and Christine Miller on the Edison sang side by side. The two voices were so identical that when one or the other stopped it was impossible to detect it in the audience."

Cleveland Leader, Sept. 23d, 1915.

"Not possible to tell one from the other."

Detroit Free Press, Oct. 12th, 1915.

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert Contralto will be here, at Mr. Edison's request, to offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the re-creation.

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

Call or Write for Complimentary Tickets

We want all music lovers in this community to hear this interesting and convincing test. Complimentary tickets will be distributed to those who apply in person at our store or by mail. You and your friends are urged to attend. Mr. Edison recommends that children under three years of age be not admitted as they do not realize that they can mar the intent of this recital by crying or talking. We advise you to apply early before all tickets are exhausted.

We are authorized to announce the name of Albert J. Sweet of Rushville, as a candidate for City Clerk on the Republican ticket, subject to the decision of the primary election, March 6th, 1917.

We are authorized to announce the name of Earl Osborne as a candidate for City Clerk on the Republican ticket subject to the primary election, March 6th, 1917.

We are authorized to announce the name of Walter F. Easley as a candidate for City Clerk on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

City Treasurer.

We are authorized to announce the name of George G. Helm as a candidate for City Treasurer on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

We are authorized to announce the name of F. T. Gale as a candidate for City Treasurer on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

Saving Daylight.

Father Time has been asked to shoulder his scythe and walk back sixty seconds the first day of May. That is what the national daylight convention, which closed in New York yesterday, wants to have done. But they know that Father Time is going to make a game fight and that's the main reason why upwards of five thousand "more daylighters" were in New York for the two-day session.

It was explained to the old man that he can run and catch up the lost hour again September 30. The idea, he was informed, is to make use of the added hour of daylight we have between those dates. We can get up an hour earlier, go to work an hour earlier, quit an hour earlier and have an extra hour of daylight to have a good time in.

It may be news to a lot of folks to know that in Cleveland and Dayton, Ohio, this daylight saving scheme has been in force for two years. Everybody knows it was used throughout Europe and in Canada last year with good results.

The Old Man With The Scythe had plenty of evidence presented to convince him. Borough President Marks of New York introduced each of the speakers, among whom was Representative William P. Borland of Missouri, whose bill making daylight saving a national law, is now pending in congress.

Then President Marks introduced

representatives of practically every civic organization in this country and delegates from England, Scotland, Russia, Poland, Holland and Canada.

Robert Garland of Pittsburgh spoke for the Chamber of Commerce, ex-Governor John K. Tener for the health experts who want more daylight to fight the white plague; John Mitchell for the Industrial Commission. Mayor Mitchell; Harriett Stanton Blatch, Arthur Brisbane and others also spoke.

Columbia University's astronomer, Harold Jacoby spoke scientifically to the venerable gentleman and J. S. Whitehouse, a member of Parliament from London argued with him. Geo-Adee of the National Lawn Tennis association spoke on the added time for recreation afforded by the plan. S. J. Halle of the Standard Time Committee told how they like the idea in Ohio.

All the speakers laid stress on the point that this plan will save the country \$100,000,000 in light and power expenses during the summer months. This is expected to knock the old man off his seat.

"Copy for the House journal will be ready for the printer within 24 hours after the session ends" remarked Speaker Eachus the other day. In years gone by, it often took months to complete the House journal after the legislature adjourned and the state of Indiana paid handsomely for this work. It is different now, however. Under Republican direction, the work will be properly done and promptly, and there will be no digs into the state treasury to finish this work as has always been the case in the past.

Some days ago Governor Goodrich, through the Public Service Commission, issued an order to coal bearing roads in Indiana, intended to relieve the coal shortage that was working such a hardship in Indiana. The governor did not wait until an "investigation" could be held; he moved with characteristic vigor and his move already is bearing beneficial returns to the people of the state.

HOOSIER BRIEFS.

Evansville—Social clubs of Evansville must quit selling liquor after midnight in the future, following an order issued by Mayor Bosse, which went into effect today.

Columbus—The Bartholomew county hospital will be ready for patients within a few days.

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Drinks glass of hot water before breakfast to wash out Poisons

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

TWO FACTIONS TO AMALGAMATE

Politicians Receive Tip That Woman's Party and Congressional Union are to Combine

INDICATES HARD FIGHT

Believed That the Union Will Make Determined Effort to Obtain Suffrage

(By United Press.)

Washington, Feb. 1.—Politicians got it straight from headquarters here today that the Woman's Party and the Congressional Union for Woman Suffrage probably will amalgamate early in March.

The Woman's Party is composed of woman voters. Membership in it is limited to the women of the twelve suffrage states and it has grown so rapidly that it now boasts a membership one thousand greater than the Congressional Union's membership in the thirty-six non-suffrage states.

The proposed union of these two important organizations is looked upon by politicians as evidence that the fight for passage of the federal suffrage amendment is to be pressed harder from now on.

First intimation that the voting and the non-voting women of the country intend to weld themselves into one organization came when the calls for a convention of the Congressional Union and a convention of the Woman's Party were issued coincidentally. These conventions will be held jointly at the national headquarters of the Congressional Union, March 1-4, inclusive.

Today Miss Alice Paul, head of the Congressional Union, and officials of the Woman's Party stated that the Executive Committee of both the union and the Woman's Party would recommend that the two associations be merged under the name of the National Woman's Party.

Supporting the women voters the whole machinery of the Congressional Union in the thirty-six non-suffrage states will be used to bring pressure to bear upon Congress and the White House. The Union officials are convinced that if President Wilson can be induced to use his influence with his party the passage of the federal amendment will be assured.

Plans for this joint campaign by the women of the suffrage and non-suffrage states will be discussed and decided upon at the March convention immediately after the amalgamation of the two progressive suffrage organizations is affirmed.

About 3,000 women are expected to attend the convention, which promises to be one of the most important suffrage gatherings ever held in the country. The convention will be held at the national headquarters of the Congressional Union here in the "little White House." It will open with a reception on the night of March first and will terminate in a mighty demonstration at the big White House on March 14th.

Miss Mabel Vernon, of Delaware is chairman of the Committee on Arrangements; Mrs. Helena Hill Weed of Connecticut, is chairman of the Credentials committee, and Miss Edith Goode, of Washington, has been made chairman of the important Committee on Hospitality.

COFFINS ARE SCARCE.

London, Jan. 15.—(By Mail)—The British undertaker has sent out a plea for help. He can't get coffins and the cemeteries can't dig graves fast enough to bury the dead.

The trouble is that all the available men are called up for war service. The undertakers who were wont to make their own coffins have lost so many men that they had to fall back upon the big manufacturer. The demand upon the big factories became so great that their supplies are exhausted. In some cases the rush for coffins has been so great that undertakers have taken them without lids.

FOR PARTIES

We have brand new folding chairs and also card tables. Call early.

Thrift Day

Will Soon Be Here

February 3rd is now observed in almost every section of this great land as Thrift Day.

It is a day not for idleness, but for effort; not for spending but for saving.

We urge all to join in the celebration of an added thrift habit which leads to health, happiness and prosperity.

On February 3rd, countless people will get ahead by opening Bank and Savings Accounts. Others will add to accounts already started.

Why not do likewise?

WOULD CHANGE PLAYERS' SHARE

Secretary of New York Club Declares There is Not Much to be Done With World's Series.

WINNERS HAVE 90 PER CENT

Says Players do Not Seem to Realize That Series Was Started For Their Benefit.

(U. P. Staff Correspondent.) BY H. C. HAMILTON.

New York, Feb. 1.—Laughing at the variously colored and scented suggestions for changes in the manner of conducting the annual world's series, John B. Foster, secretary of the New York National league club, declared today there isn't really anything to be done about it.

"If the magnates feel they really have a change," he said, "let them give the winning club 90 per cent of the players' share and give the losers 10 percent of the winning club's share and give it to charity, and give just the same amount out of the club owners' share."

"This idea of giving every club in each league a whack at it is altogether wrong. Do you suppose they would go on through pooling the sum to be divided a different way? Not on your life. They turn it into a cinch for some club and then the tail enders would cease to play their hardest."

Foster went back to the days when the world's series was started.

"The players don't realize," he said, "that the world's series was started for their especial benefit. They got into the first cut because the magnates wanted to give the championship clubs a bonus for their work. It never was the intention to have others participate. Now, when the season advances across the Fourth of July mark, the only thing the first division clubs can see is the old dollar mark, and it sticks in their craws right up to the last game."

Foster believes something should be done and that quick, but he doesn't jibe with the suggestion that the number of games or the rules governing them be changed, with the exception of the manner of dividing the gate receipts.

LOCAL VETERAN IS REWARDED

Continued from Page 1.

viewer asked a second time the name of the town.

"Westport," said Teddy, "There's not an Irishman in Rush county that has not heard of Westport. Its the same name as a little town down south of here."

Regan has seen all the changes in the railroad business and they have been many in his fifty years of service. He stated that he had been in a dozen wrecks but did not have a scratch to show for his experiences. "The changes in the railroad," said Teddy, "have been many. Fifty years ago everything was rather crude and the trains did not run near as fast. All the same we had more wrecks than they do now."

Mr. Regan got his nickname in the city of Hamilton. On his first run into Hamilton some of the boys called him Teddy and the name has stuck ever since. In fact they are many people in the city who know him by no other name.

The pension Regan will receive is not much—\$14.55 a month—but it will help and shows that a great corporation like a railroad appreciates the services he has rendered and is not so "soulless" as corporations are some times pictured.

MANILLA IS VICTORIOUS

Defeats Milroy Independent Quintet Wednesday Night, 41 to 28

The Manilla Independent basketball team defeated the Milroy Independents last night at Manilla, 41 to 28. Milroy put up a good game and in the first half outplayed the Manilla team. The game was rough in the final period and Manilla took an early lead which was not overcome. The first half ended 19 to 16 in favor of Milroy. This was the second meeting of the two teams. Milroy won the first game.

SOCIETY

Miss Margaret Donnan's class will meet one week from Saturday, February 10th, instead of next Saturday, the regular bi-monthly meeting day.

Larline council meets in regular session this evening in the Red Men hall. Following the business meeting, the newly elected officers will be installed.

An informal dance is being given this evening in the Phi Delta Kappa hall by the members of the Elks lodge. The dance is not restricted to the lodge members but other dance-lovers are cordially invited. Mitchell's orchestra will play for the dance.

A Saint Valentine dance will be given in the Phi Delta Kappa hall on Wednesday evening, February 14th, in which the appointments of the Valentine season will be carried out. Several special features are promised in connection with the musical program. Robert Vredenburg is in charge of the dance.

A wedding was solemnized this afternoon at one o'clock in the clerk's office when Miss Jennie H. Dyer and Dewey H. Markle, both of Arlington, were married by the Rev. S. G. Huntington. The young couple, who are well known in Arlington and throughout the county, have gone to make their home in Arlington. Mr. Markle is a farmer in that vicinity.

Members of the Phi Delta Kappa fraternity in this city have received invitations to the fraternity dance to be given in Anderson by the chapter of Phi Delta Kappa there on Tuesday evening, February 13th. Robinson Brothers orchestra is to play, it is to be in the Anderson Club ball room and to begin at 8:30 o'clock. The affair is to be a Saint Valentine party and it is probable that several of the local members of the fraternity will attend.

Mrs. Charles Osman entertained the members of the Wednesday Afternoon club at her home in West First street yesterday afternoon, having fourteen members as her guests. Beautiful potted plants adorned the rooms where the ladies spent the afternoon chatting over their sewing. A delicious two course luncheon was served by the hostess late in the afternoon. Mrs. Clara Behou will entertain the club members in two weeks.

A very delightful afternoon was enjoyed by the members of the Wednesday Afternoon Bridge Club when they were the guests of Mrs. Guy Mulbarger at her home in North Jackson street yesterday afternoon. Games of Bridge were the interesting diversion of the afternoon. Several bouquets of beautiful carnations formed the decorations in the home. At the conclusion of the card games a delicious dinner was served. Mrs. Clarence Cross entertains the club members in two weeks.

One of the first meetings of the newly organized Pirate Bridge Club was held at the home of Mrs. O. M. Dale in North Main street this afternoon, and proved by its sociability that the club is to be one of the most agreeable of the many social organizations in the city. The eight club members had an interesting time playing Pirate Bridge and were later invited into the dining room, where the prettily set table was centered with an azalea. A tempting salad course was served. Mrs. Will Bliss will entertain the club members in two weeks.

At the meeting of the Watson Sunday School class of the St. Paul's M. E. Sunday school held at the home of Mrs. Guy Abercrombie last evening, officers were elected for the coming year, each of the officers serving last year being re-elected. Mrs. George Autlman was re-elected presi-

dent; Mrs. E. B. Thomas, vice-president; Mrs. Horatio Havens, secretary; and Miss Mary Amos, treasurer. During the business session, plans were partially made for serving a lunch at noon in the near future in a down town room. The ladies of the first division were hostesses and served tea and assorted cakes to the guests. The class will meet again in a month.

The monthly business meeting of the Ladies Aid society of the First Baptist church was held in the new church parlors yesterday afternoon, with about 15 of the members present. Several business matters relative to the new church were discussed by the members, aside from several other matters of business importance.

Mr. and Mrs. Will Whipple of Connersville were honored today when a dinner was given in their honor by Mr. and Mrs. Herman Tompkins at their home in East First street. The elegant dinner was served at high noon and covers at the prettily set table were laid for Mr. and Mrs. Whipple, Mrs. Emily Coleman, Miss Henrietta Coleman, Mr. and Mrs. Vernon Marsters of Honduras, Mr. and Mrs. E. L. Kennedy, John Kennedy, and Mr. and Mrs. Harry McMillin, and son, Richard.

An interesting meeting of Psi Iota Xi was held at the home of Miss Helen Studder in West Second street last evening when she was assisted in entertaining by Miss Hannah Morris. The greater part of the business meeting was given over to the planning for the concert company, the management of whose dates the sorority has taken in charge. There was a short discussion of "The Helicon" the sorority annual magazine which is to be published by the local chapter in the spring.

The program of the evening was on the musician "Mozart." His life and early experiences were told by Miss Harriet Vredenburg in her interesting paper. The story of one of his operas and the conditions under which it was written was told in the paper written by Miss Marie Clawson and read by Miss Inez Stager. Following a delightful social time during which music was played on the piano, the hostesses served delicious refreshments. Miss Ruth Rhodes of Shelbyville, the house-

guest of Miss Frances Neutzenhelzer, was one of the fifteen guests at the meeting. The sorority will meet again in two weeks.

Martha Poe, chapter 143, O. E. S. will have a regular meeting tomorrow evening at 7:30 o'clock. The degree work will be followed by the service of refreshments.

Mrs. Link's Bible class will meet tomorrow afternoon with Mrs. F. B. Stearns at her home in West Second street. The meeting will begin at 2:30 o'clock and the lesson will be from Judges 1 to 3.

Invitations are out to the Knights Templar for the annual Commandery banquet to be given on Friday evening, February 9th in the Masonic Temple. Following the banquet which will be served at six o'clock, a varied musical program will be given by the L. A. C. orchestra, composed of eight lady musicians. They each play a musical instrument and four of them form a singing quartette. Each Knight has the privilege of inviting two lady guests and tickets must be purchased before February 7th. The committee in charge of the event is composed of E. H. Payne, R. G. Budd and F. M. Sparks.

ENCAMPMENT NOTICE

Bernice encampment No. 12 I. O. O. F. will confer the patriarchal degree Friday evening on a class of seven. Every member is expected to attend.

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, Jan. 31.—With Bobby Jones, Norman H. Maxwell, and Perry Adair already sticking around the top most part of the golf's ladder of fame, chasers of the elusive gutta percha are naturally beginning to wonder wotinsamhill is going to happen to the grand old game next summer.

Very good and sufficient reason for the mysterious murmurings are found in retrospection, viz: That Francis Ouimet became an open champion and an infant prodigy when he was but a youth. Also, Walter Travis advanced far into his days and then cracked loose with a championship or so.

Also, one Chick Evans, who horned around the top for a long time, finally

busted into a pair of championships all in one summer, after he had barely missed any number of times.

Some one rose to remark not long ago, that the day of the old man was passing from the good old game of hit in and pursue it. But one is led to wonder where in past performances he gets such dope. If anyone can figure that some one's great grandfather isn't about due to cop all the championships this country can spare next summer, it would be worth while to hear him explain why.

It is quite true that the youngsters are coming to the front, but they have done it in spurts. The danger of an unshaved youth wearing away the crowns next summer isn't any greater than the newspapers will print pictures of some greybeard as the next champion.

Nothing is so fleeting as golf fame, and no direction has a cinch on the runaway. It is just as likely to run toward the cemetery as the cradle.

And the best part of it is that everything said proves that golf is about one of the most exclusive games—exclusive for all ages—played in this country.

The Young People's Sunday school class of Sexton will give an oyster supper at Sexton on Friday evening, February 9th. The proceeds will be given to the church fund.

Don't forget the Sarah Churchill land sale Friday February 2nd, at the law office of Young and Young, 275½t2.

When You Need Something in the Engraved Line

such as visiting cards, correspondence cards, initial or monogram stationery, invitations, business cards or announcements, wedding invitations or announcements, birth or death announcements, our exclusive line of samples will appeal to you. There is nothing as nice and beautiful as engraved printing. We are always willing and glad to show you the samples.

THE DAILY REPUBLICAN

TURN HAIR DARK WITH SAGE TEA

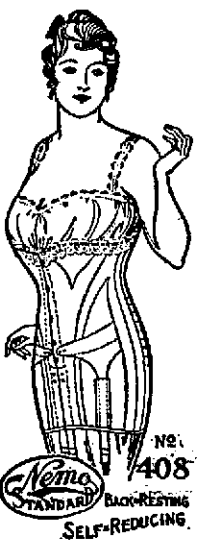

If Mixed with Sulphur it
Darkens so Naturally
Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

THRIFT DAY IS TO BE OBSERVED

Rushville Banks Call Attention to
Special Event to be Celebrated
Generally Feb. 3

EFFICIENCY DEMAND OF AGE

Must Recognize Standards Which
are Set and Thrift is Top-
Notch Efficiency

The Rushville banks are paying special attention to Thrift Day, which will be observed by banks generally all over the United States February 3. The organization back of the movement concerning the spirit of the day says:

The spirit of the season through which we have just passed has been largely that of spending money with a liberal and perhaps a reckless hand. As a result, many individuals are now probably feeling a financial strain.

The beginning of a new year is generally accepted as a particularly appropriate time to make good resolutions and to formulate plans on which to base future operations. In looking forward to this year's activities, is it reasonable to assume that one's obligations will be lighter? No! Experience has taught us that rather the reverse is true—that with each succeeding year increased demands are the order of the day.

Is it not particularly fitting, therefore, following close upon the heels of the New Year, that our next national holiday should be on directing thought and attention not to spending but to saving—to economy instead of prodigality—to ways and means to greater individual conservation as opposed to extravagance and waste?

That in effect is the purpose of Thrift Day, the observance of which was inaugurated throughout the country on February 3rd, 1916. The day will be again observed on the corresponding date of this and each succeeding year.

To practice thrift there must be inspiration; and the inspiration which each of us receives depends upon our individual perspective, our knowledge of what thrift means and a correct vision of the benefits accruing to us personally as a result of its practice.

Thrift in its broader sense represents simply top-notch efficiency. In its full significance it means the reduction of waste to a minimum, the elimination of useless extravagance and the conservation of all resources, whether physical, mental or material.

The demand of the age is for increased efficiency. With it, industry flourishes, advancement is assured and prosperity is certain—by it, progress for the individual, the community, the state and the nation is measured.

The effect of thrift while of vast importance from an economic standpoint, is by no means limited to the financial welfare of the individual. Its practice not only results in a competence in dollars and cents but develops character through self-control, self-mastery and the self-confidence that thrift inspires.

It is for these reasons that the foremost educators of the country are so insistent in their recommendation that thrift be included in the school curriculum in order that the younger generation early in life can be brought to a realization of its importance, its effects and its benefits and through its consistent practice become better men and women and more stable citizens.

Efficiency is the demand of the age. We must recognize standards which are set. Thrift is top-notch efficiency. The greater degree to which efficiency is a factor in our individual lives, the greater is our personal progress. With these thoughts in mind, let us all join in a whole-hearted celebration of Thrift Day, February 3rd.

Pay Telephone Toll.

Don't overlook to pay your telephone toll before Feb. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY.

Good housekeepers use Red Cross Ball Blue. Makes clothes clean and sweet, like new. All grocers.

Smith Form-a-Truck

50% Cheaper than Horses

The Smith Form-a-Truck will do more than twice the work of one team at no greater cost. It will replace two or three teams—exceed their volume of deliveries—save the stabling and feeding and the expense of drivers. Yet it costs less than a single team with wagon and harness.

Actual service records show that it will deliver one hundred 20-pound packages within a one-mile delivery zone at a total cost of less than 7c (exclusive of driver). No team can equal this record.

For longer hauls the savings are, of course, tremendous. Its speed is from 12 to 18 miles an hour. That is four times faster than horses travel.

The total cost of maintenance is less than 7c per ton, per mile. Your records will show that horse-drawn vehicles cost from 20c per ton per mile to 53c.

Smith Form-a-Trucks are being used in all lines of business—large and small—under all conditions—throughout the country.

We will gladly show any manufacturer—any individual—real service and economy achievements in his own line of business.

Immediate Deliveries

Right now we can make immediate deliveries. Better call or write for demonstration today.

The shadow illustration shows the Ford Power Plant, to which the Smith Form-a-Truck is bolted with a vise-like grip.

The heavy illustration shows the Smith Form-a-Truck adjusted to the Ford Power Plant—it carries 90 per cent of the load.

WAS LAST DAY TO ENTER CONTEST

Entry Lists Close in Scholarships
Offered by School of
Journalism.

PRIZES ARE WORTH \$16,500

(By United Press.)
New York, Feb. 1.—The entry lists of contestants in the \$16,500 worth of prizes and scholarships for journalists, offered by the late Joseph Pulitzer through the School of Journalism he established at Columbia University, closed today.

Prizes aggregating \$9,000 will be awarded by the judges for: the best suggestion as to improving the school; the best public service rendered by any American newspaper during the year; the best history of public service rendered by the American press; for the best editorial in any newspaper; the best single example of a reporter's work; for the best American novel; for the best American play; for the best book on the history of the United States; and for the best biographical sketch, excluding Washington and Lincoln, as too obvious, on a patriotic citizen.

Five scholarships, including travel privileges, each worth \$1,500, also will be presented to reporters.

Today's Legislative Oddity

Indianapolis — Representative Dynes is no lover of cats. He has introduced a bill in the lower house providing that a tax of 50 cents must be paid on male cats and \$1.00 for females. Dynes says he didn't do it because they keep him awake nights but because cats are carriers of disease.

FOR PARTIES

We have brand new folding chairs for rent; also card tables. Caldwell's Furniture Store. 27416.

RESIGNATION EFFECTIVE

E. N. Hurley Quits Place on Trade Commission

(By United Press.)
Washington, Feb. 1.—The resignation of Edward N. Hurley as chairman and member of the Federal Trade Commission became effective today. Mr. Hurley, who made the first move to establish a uniform accounting system for the industries of this country, and who is a prominent democrat, gave "the pressure of personal business" as his reason for resigning. Private business pays so much better than public office now. President Wilson has frequently stated recently, that it is difficult to get good men for government posts.

ANOTHER BONUS.

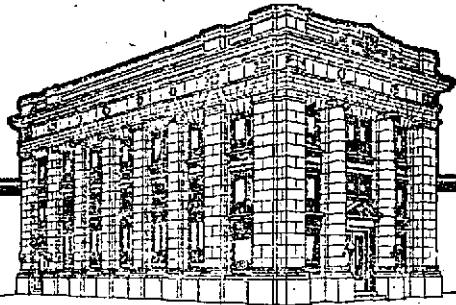

Schenectady, N. Y., Feb. 1.—The second installment of the five million dollar bonus the General Electric company is giving its employees this year, was paid in cash to them today. The first payment was made June 30 and Dec. 31.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

FACTORIES MOVE TO NEW QUARTERS

Leave Downtown New York to Save
District to the Retail Stores
There.

TWO HUNDRED EFFECTED

(By United Press.)
New York, Feb. 1.—Thirty of the 200 factories that are moving out of downtown New York to save the district to retail stores and to cut their exceedingly heavy rent started to get out today. The balance of the 200 will depart gradually, as their leases expire, the last of them to be gone by the end of 1919. Many of them will move to Long Island City and other places in and around New York.

Some of them will cut their rent thereby from \$40,000 a year to \$20,000 or less. This, they say, will make a difference in the price and quality of their products sold to clothing Chicago, San Francisco and other cities' stores. Five hundred million dollars worth of clothing was made annually in this downtown area.

DR. W. E. JENKINS TO SPEAK

I. U. Professor Will Address City
Teachers Institute Saturday

The sixth city institute will be held Saturday at the Graham school. The institute will start at nine o'clock in the morning with the discussion of several special topics and the usual conferences will be held. At one o'clock Dr. W. E. Jenkins of Indiana University will address the teachers on the subject "How a Play is Built." The teachers have extended an invitation to the public and anyone interested is urged to hear Dr. Jenkins.

BILL TO DIE IN COMMITTEE

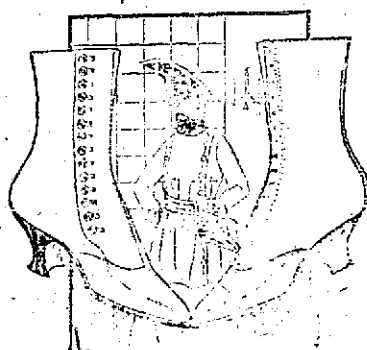

Chiropractor Measure Likely Not to
be Reported.

(By United Press.)
Indianapolis, Ind., Feb. 1.—Representative Barker of Frankfort, chairman of the house committee on rights and privileges, today stated that he believed the bill providing for the creation of a state board of chiropractic examiners, would die in the committee. The bill, which was introduced by Representative Aldridge, would place chiropractors in the same profession class with physicians legally. Another bill relating to chiropractors is in the hands of the public health committee of the house which would permit an injunction to be issued preventing chiropractors from practicing.

WHAT-YOU-MAY COLUMN

Necks.

The neck is a flexible device worn by all human beings and some prize fighters. It was given us to keep our heads in. That sounds easy, but—well, look at Louis the Sixteenth!

The neck may also be put to other uses. Some men use their necks to get hungry. Others wear Christmas cravats. The first is fatal; the second merely criminal.

Necks help us a lot in getting along with our bodies. They keep our chins from bumping our breast bones. And they partially overcome the handicap of two eyes in front instead of one front and back.

Necks are necessary in a way too. What would the handsome brutes in collar ads do without them? And where would our Adam's apple go for exercise?

THE MERE FACT THAT Scott's Emulsion

The Anker Holth Cream Separator

is the only Self Balancing Separator on the market. And the bowl is guaranteed to stay in balance the life of the machine. The Anker Holth skims the cleanest and is the easiest to keep clean and can be washed in one half the time you can wash any other separator. Every user of an Anker Holth remarks—HOW EASY it turns. This fact is especially noticeable to those who have operated other separators. A child can operate an Anker Holth with ease. The self oiling system—has no oil holes no feed cups—it simply runs in a bath of oil, and every two or three months change the oil by removing a set screw.

The Anker Holth contains fewer mechanical parts than any other separator made. And the bowl being self draining makes it non freezing in cold weather. There is no number on the disk and they are all interchangeable—they do not have to be kept on a stringer to wash them.

Nothing but the highest grade of steel and the best phosphar bronze and the most durable tinware goes into the construction of the Anker Holth.

The Anker Holth Cream Separator is the best Separator on the market today for Efficiency, Simplicity, Sanitation, Satisfaction and Durability

HOOSIER PESTS.

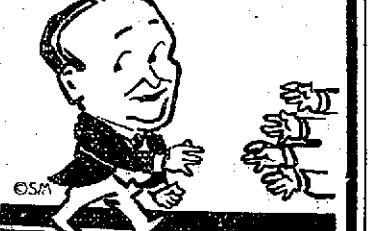

Assistant State Entomologist. (Written for United Press.) BY R. E. SNODGRASS. The roach needs no introduction. Though he is not regarded as respectable, he comes nevertheless, from a very ancient line. He belongs to one of the very first families of insects who trace their pedigree back not a few centuries but billions of years. The ancestral halls of the Cock Roaches preserved in the rocks show that the family flourished when the world was young and that the line has dwindled somewhat since. Housekeepers may see some consolation in this.

In spite of his proven claim to antiquity of descent, however, everybody is down on the roach and would like to see a still greater decline of race. It is well known that he is no great respecter of insect powders. In spite of the terrifying picture on the label depicting one of his family stretched out in rigor mortis. Yet some powders have a deterrent effect on the pest. Prethrum or buchu is probably the best if it is fresh and persistency in the use of any powder, the keeping of all food under cover and the pantry shelves free from crumbs, is the best remedy that can be advised.

Some of the larger species may be killed with a mixture of powdered chocolate and twice as much powdered borax scattered about their runways. But if you would administer a real knock out dose, use barium carbonate in four parts of flour sprinkled on the shelves. Barium carbonate is a violent poison, however and will kill cats and dogs or children as well as roaches, so observe great care if you use it.

Plaster of Paris in three parts of flour, with a pan of water near, is also a good remedy.

LISTEN TO THE EVERWELLS

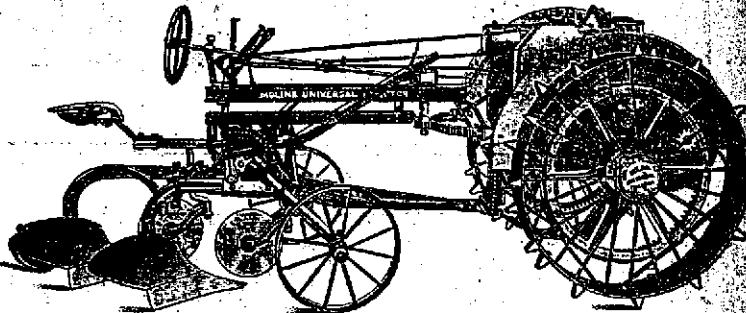

Keep your health and conduct right. And your prospects will be bright! Ph. Everwell

EVERY man's prospects ought to right if his health is in good working order. You ought to take the same amount of care of the frame you reside in as the home you live in. I've found that pure drugs help a lot and I have found the place to buy 'em.

Kelley Convertible Truck Attachment. For Ford Chassis. \$385.00

The Kelley convertible rear-system truck attachment for Ford Chassis has been designed and developed to meet the most universal requirements of buyers of medium-weight trucks. In the production of this truck unit the principal features aimed at are:

- (1) A one-ton truck for general service; of moderate cost and low operating expense.
- (2) Thorough, dependable construction, of standardized parts, to give highest efficiency and economy.
- (3) Simplicity of construction and ease of assembling.

The Kelley Truck employs the use of a one-ton "Celfor" SHAFT and INTERNAL GEAR DRIVE axle with a gear ratio of 7 to 1 and which is manufactured by the Celfor Tool Co., of Buchanan, Mich., one of the leading truck axle factories of the world. For further information see

Ninth Victory For R.H.S. Five

Game With Newcastle Here is Rough-
est One Which Has Been Play-
ed This Season.

THRILLING WORK IS DONE

Team Work and General Play of Lo-
cal Quintet Considered Best
Seen This Year.

(Paul Newhouse.)

The Rushville High School basket-
ball team won its ninth victory of the
season last Friday night when it de-
cisively defeated the Newcastle
quintet on the local floor by the score
of 50 to 15. The game was hard
fought and was considered the
roughest one played here this season.

At the start of the contest both
teams seemed evenly matched. Thorpe
made the first goal for Rushville
which was soon followed by one for
Newcastle caged by Pence. Rushville
then assumed the lead and after the
first five minutes the outcome was
almost certain. The Newcastle team
could not stand the speed and endur-
ance of the local five and as a result
they bowed before the Rush county
lads.

The game was featured by many
rough plays on the part of both
teams. Time and again the spectators
were brought to their feet by the dar-
ing and thrilling work of both quin-
tets. The team work and general
play of the local five for the first
half was said to be the best which
has been displayed here this season.

Lineup and summary:
Rushville (50) Newcastle (15)
Thorpe Forward Poston
Oakley, Keating Pence
Martin Center Coffield, Upham
Reed Guard Wise
Newhouse Guard Klinger
Field goals: Thorpe 12, Martin 8,
Poston 1, Pence 3, Coffield 1, Wise 1.
Reed 3.
Foul goals: Martin 2, Poston 3.
Referee: Red Lyde of Conners-
ville.

Overheard in Dressing Room.

(Norman Reed.)

N. H. S. had that old Turk "Ala-
Bi" with them; they asserted that
they "had lost their captain" and
"had a slump."

The best we can say for that New-
castle aggregation of pugilists is that
they are game losers: they didn't
throw up the sponge until the gong
sounded the end of the round.

Couch Masters says that "grin-
ning, and grinning hard" is a big
factor in getting the long side of the
score.

If the Newcastle players attempt
to abbreviate their uniforms any
more they will be in the same class
with Ruth St. Dennis and Gertrude
Hoffman.

Even if the play was dull the suits
were brilliant—Irish green and Eng-
lish scarlet.

Those Newcastle forwards were
about as graceful as one armed pa-
per-hangers and about as fast as a
Chicago policeman, arresting Jack
Johnson.

"Li" Arthur Brown, logical suc-
cessor to Jack Johnson, secured a
decision over "Mighty" Wise, cham-
pion pugilist on the Newcastle team,
in a bout staged in front of the
Greek Candy Store on last Friday
night. Wise unwisely took the of-
fensive and Lou did the thing up
"Brown" when forced to defend him-
self against the insults and blows of
his opponent. Fists, feet, and teeth
were the weapons used. Witnesses
of the affair report that the fight
was both "earie" and "colorful!"

Depicts Visit to The Republican

Katherine Todd Describes Trip of
High School Newspaper Writing
Class to Print Shop.

ON A TOUR OF INSPECTION

Students View Editorial, Business
and Mechanical Departments.
and Hear How They Are Run.

(Katherine Todd.)

The students of the Rushville High
school who are enrolled in the course
in Newspaper Writing enjoyed a unique
experience last Thursday morn-
ing, when with their instructor, Earl
Marlatt, they were allowed to visit
the Republican Printing Office as a
part of their daily recitation.

They were first taken to the report-
orial and editorial office, where the
local, domestic, and foreign news is
received and put in form. Here Roy
Harrold was in charge as managing
editor, assisted by Frances Frazee,
editor, and Allen Hiner, city
editor.

From here Mr. Harrold conducted
the students to the circulation de-
partment, where all the business af-
fairs are managed, advertising at-
tended to, and accounts kept by B. O.
Simpson, business manager, and
Louis Hiner, circulation manager. Here,
before handing his charges over
to W. O. Feudner, general man-
ager, Mr. Harrold proceeded to tell
them something of journalistic es-
sentials and ideals and to give them
some "pointers" on the road to suc-
cess in newspaper work.

With Mr. Feudner as a guide, the
pupils were taken to the printing
room where the mechanism of the
linotype machine, which makes and
sets the type for the paper was ex-
plained to them. They were also
shown the department where the
type is set by hand and the metallic
forms are made ready for printing.
The job-press, which does all the
printing in the office except the
newspaper itself excited much com-
ment as it was in operation printing
bills at the time. Last of all Mr.
Feudner directed the attention of the
class to the large Goss "Comet"
Printing Press, which enables the
Republican Company to print and
fold ready for delivery 2240 papers
in forty minutes.

Owing to the kindness to the Re-
publican Co. officials, the trip proved
both interesting and instructive to
the pupils and gave them a better
conception of newspaper work than
they could have received in any other
way. As souvenirs of the occasion
the Republican Company presented
the members of the class with post-
cards bearing pictures of the plant
which they had just visited.

Half Witticisms

Mr. Marlatt: (In Public Speaking
Class): "Now, in interpreting the
emotion of passion you should think
the color scarlet, but for disgust
brown."

Helen Frazee: "Why brown for
disgust?"

Mr. Marlatt: (Looking at Halbert,
who is "performing" as usual): "Be-
cause Brown is disgusting."

Experience

I ran into a kicking mule,
One day while I was strolling;
He lunged at me; as is the rule,
Away I went a rolling.

Next day as on a log I sat,
A mule broke thru the fence;
I ran the mile in sixty flat;
For I had had experience.

Harry Schatz, "The Hebrew Scream"

Sentimental Sophomore: (Looking
at poster for Neawanna): "Is she
going to appear in that costume?"

All-Knowing Senior: "Why cer-
tainly, you boob. They wouldn't ad-
vertise it that way if she wasn't."

Sophisticated Junior: "Gee, if I'd
known that I'd given a quarter"

..Views and Interviews..

The Rushlight

From the columns of this page
"The Rushlight" makes its bow to
the Rushville public. Unheralded
and unpretentious, it enters the field
of local journalism, obsessed with a
fear that it may seem amateurish
yet cherishing the hope that it may
present the newest and best in news-
paper writing. The sheet is the work
of High School teachers and pupils,
who have become imbued with a de-
sire to develop a larger and a better
school and a more school-enlightened
public. If it succeeds yours will be
the benefit and ours the praise.

Our title is illuminating: it sug-
gests not only the name of our city
and county but also the nature of our
sheet. Not so egotistical as to call
ourselves the "X-Ray" nor so arro-
gant as to choose "The Clarion," we
are content to be a "Rushlight,"
humble but undaunted, inconspicuous
yet enlightening.

Our purpose is to present the inci-
dents of high school life so accurate-
ly yet "spicily" as to inform the pub-
lic and inspire the students. If we
can clothe the hum-drum and prosaic
grind of recitation routine with hu-
mor and with poetry, we will have
made the pupils happier, the parents
more content. With this as our in-
tent we bring you this first issue of
"The Rushlight." We hope for
praise but welcome criticism.

"Let's Cut the Rough Stuff."

(Katherine Todd.)

In connection with the basket ball
game played here last Friday night
between the Rushville and Newcastle
High Schools, there has been quite a
little comment on account of the
roughness of the contest. It seems
that both quintets were more intent
on the punishment of their opponents
than piling up a score in accordance
with the regular rules of the game. A
feeling more intense than the friendly
rivalry which is supposed to be the
spirit of the inter-scholastic contests
existed between both players and
spectators. Some enthusiastic
"Rushers" even went so far as to
tamper with the automobile which
brought the Newcastle players to this
city.

While this speaks well for the loyal
support which the pupils give to the
High School, yet it will be seen that
those same pupils, in acting as they
did last Friday night, have done their
school a great wrong. Heretofore in
accordance with the instructions of
the teachers, the students have suc-
cessfully tried to win a game in two
ways. This first, of course is by ob-
taining the highest number of points
and so winning the game itself. The
second and equally important method
is treating their opponents with a

civility and courtesy which will in-
sure their good will and cause them
to feel that they have received a fair
showing. The result of this was a re-
putation for fairness of which any
school might well be proud. Friday's
treatment of the visitors was the first
blot on our record. Until then we
had kept well within the bounds of
the spirit of the inter-scholastic
games. We had learned to receive
our defeats philosophically and not
to be too elated over a victory.

"Look to the future," was the gist
of all Coach Masters' comments on
every game and we had learned our
lesson fairly well.

Perhaps Newcastle's reception of
their defeat was partly the cause of
the treatment which they received,
but however that may be the conse-
quences are the same. The bright
reputation of our school has been
somewhat dimmed and it will not
easily be redeemed. Furthermore,
the habit of "raising a rough house"
with a rival school has been acquired
by some pupils and, like most other
habits, it will be found that it is hard
to overcome.

In the way of a ward to the wise,
let it be said that if anyone wishes
to "heap coals of fire on the enemy's
head"—to "rub it in" as we say—the
best way to do it is not to gain their
ill will by "pulling off a lot of rough
stuff," but to "hand them taffy."

Then they will have no cause to com-
plain and no excuse to make for the
defeat which we hope to give them.
Along with that we will have regained
our reputation for fairness. "Let's
cut the rough stuff."

Parent and Teacher.

Often times parents are shocked to
hear that their children in school are
regarded with an antagonism by
their teachers. This, they find,
comes from the attitude of the stu-
dent toward his instructor.

At first, this may cause the parent
to think of his duty to the child. He
may be taken from school and put to
work; or he may be left in school on
the condition that he improves. Eit-
her plan may prove effectual in re-
forming his conduct.

On the other hand, the indulgent
father or mother may neglect or ig-
nore this subject. A small amount of
chiding may be given and the affair
be dismissed with that. With this
action the same careless habit will
undoubtedly soon reappear. So the
poor, burdened, teacher must again
bear his hardships.

Whatever the course of the parents
in this matter, they must always real-
ize that they, because they have
been lenient in demanding obedience
are the real cause of the strife be-
tween pupils and teacher.

...Verse and Reverse...

"His Dream Girl."

It was at a party that he first met
her. The evening had been very en-
joyable and at last Slimkins reached
complete happiness; for he was in-
troduced to Miss Sawyer. She was
the target for all admiring eyes. Her
hair was light and curled around a
face which was very lovely. She wore
a filmy creation which reminded
Slimkins of pictures he had seen and
admired.

He danced two dances with her
and when the guests began to say
"good night," he asked to take her
home. She was, of course, delighted.
He called several times after this
and each time fell deeper in love
with his "dream," as he had chosen
to call her. One night with a great
deal of difficulty and embarrassment,
Slimkins declared his love.

"My darling," he said, "do you
realize that I have no other interest
in life except you. You are my only
thought, my everything. You are my
one dream girl. Please make my
dream come true! Say that you love
me! Won't you—won't you—marry
me?"

This said, Slimkins sat back reliev-
ed. He had attempted this avowal

several times and had at last made
known his desires.

Jane Sawyer was quite overwhelm-
ed at this unexpected feeling toward
her but after a few moments hesita-
tion, answered with a shy "Yes."

The next evening, Slimkins came
proudly bearing the ring. To his dis-
may and sorrow, his fiancée had been
unexpectedly called away. She had
left no address for him but a note
saying that she would write and ex-
plain her absence.

Slimkins waited days and weeks;
finally two months had elapsed be-
fore he heard from her. The letter
said that she had been called to the
bedside of a sick aunt and was forced
to stay for about six or eight
months. Slimkins was almost dis-
tracted, to think of not seeing her
for at least six months! He could
not go to see her for she was too far
away.

He managed to exist at least
through the dragging hours and at
last received a telegram saying, "Will
be home on 6:40 train. Meet me."
J. S.

Slimkins started to the station at
exactly six o'clock. He had only

Is Second Game For Greensburg

Rushville High School Basketball
Term Will Meet Decatur Coun-
ty, Five Friday Night

WILL BE ON LATTER'S FLOOR

Followers of R. H. S. Quintet Are
Just as Confident of Victory
as Before

The Rushville High School basket-
ball team will play the quintet from
Greensburg on the latter's floor on
next Friday evening. The game will
be the second contest of the season
between these rival aggregations and
promises to be a struggle of unusual
speed and closeness.

A newspaper man from Greensburg
when consulted concerning the game,
reported that the Decatur county five
had shown marked improvement
since its defeat here and predicted
that the contest would result dis-
astrously for the red and black. The
followers of the local team are just
as confident of victory, however,
since the Rushville quintet display-
ed the best form of the season in
moments of last Friday's game with
Newcastle. With so much optimism
on both sides the engagement bids
fair to be a battle royal and Green-
sburg is making preparations to
handle the largest crowd of the cur-
rent term.

Mr. Stewart is especially anxious
that a large number of pupils should
accompany the team on the trip
since Greensburg is his home com-
munity. This in addition to the
doubtful outcome of the game should
make the contest unusually attrac-
tive to "rooters" and it is confident-
ly expected that the "Rushers" will
have ample encouragement from the
side-lines.

about eight squares to walk but he
could not think of being late. Hav-
ing arrived at the station, he sat
down and attempted to read the ev-
ening paper. Unable to do this, he
got up and walked around a bit. He
felt that something strange was go-
ing to happen and still—no, he was
only nervous. Half past six came
and at last six-forty. The train was
five minutes late. Poor Slimkins
grew more excited every minute. Here
came the train puffing into the sta-
tion and when it had come to a
standstill, the passengers began to
alight. It seemed to Slimkins that
there must have been several hundred
people on that train. Finally there
were only a few passengers left and
his sweetheart had not yet come in
sight. He was frantic! But who
was that fat awkward thing toiling
toward him. She had Jane's face but
oh it could not be Jane for she had
been slender and graceful! She was
speaking to him—calling him "dear"
—asking "if she did not look well"—
and if "— Slimkins heard and re-
membered no more. His Jane, his
little sweetheart, had gained not less
than sixty pounds and might well be
taken for a fat lady in a sideshow.
Slimkins "dream" had become a
"nightmare."

He did not deliver the ring; it was
too small; and then too Slimkins in-
come was as slim as himself; it
would have kept a little girl but not
a large party.

—Mary Louise Poe.

"Friday's Basket Ball."

It makes no difference how we work,
For five long days at teacher's call,
Our jaded spirits do not shrink,
At Friday's game of Basket Ball.

Our players are the very best?
Both short and fat and thin and
tall,
They try to win for R. H. S.,
At Friday's game of Basket Ball.

And when the year is done in June,
We all will gather in the hall,
And sing the Rushville High School
tune,
To honor Friday's Basket Ball.

—Gertrude Wilkinson.

Princess to Be Heard Friday

Neawanna, Ojibwa Indian and Car-
lisle Graduate, Will Speak to
the Rushville High School.

APPEARS IN NATIVE GARB

Her Lecture is Review of Historical
Incidents Leading to Occupa-
tion of White Man.

(Paul Newhouse.)

During the period for opening ex-
ercises last Tuesday morning, the
students of the local high school sub-
scribed enough money to defray the
expenses of a lecture to be given in
the assembly room on Friday after-
noon by Neawanna, a real Ojibwa
princess.

A graduate of Carlisle University
and a beautiful and charming girl,
this Indian Princess brings to her
work both personality and intellect.
She has made an intensive study of
Indian history and mythology and is
recognized as one of the most novel
and instructive speakers on the mod-
ern platform.

Her lecture is a review of the his-
torical incidents, which led to the
occupation of North America by the
White Man, with all of its tragic
consequences to the red race. She
will appear in the native costume of
her tribe and this alone should make
the lecture educational as well as at-
tractive.

Neawanna has been highly recom-
mended by the Mishawaka and La-
fayette High Schools where she has
lectured and consequently her com-
ing is eagerly anticipated by the stu-
dents of both the Junior and the Sen-
ior High Schools.

Red Hot Stuff

Mr. Stewart (In Geometry class):
"John, prove that your girl loves
you."

John Lewis (With his inimitable
grin): "To prove that my girl loves
me. We have given myself, a lover,
and my girl, a peach. To, prove
that she loves me. Proof: All the
world loves a lover; my girl is all
the world to me; I am a lover, there-
fore, my girl loves me."

Mr. Stewart gave him an "A" on
the recitation and the class gave him
a "hand."

—M. T. Skull.

"There are meters of accent

There are meters of tone

But the best of all meters

Is to meet her alone.

There are lovers of style

There are lovers of tone

But the best of all lovers

Is to love her alone.

There are letters of accent

There are letters of tone

But the best of all letters

Is to let her alone."

—Contributed by Syril Arbuckle.

Katherine Todd: (In Poetry Class)
"Why is double rhyme called fem-
inine?"

Mr. Marlatt: (Knowingly): "Be-
cause it's like the feminine sex—
double."

Alfred Gilbert: (In Chemistry
Is surely a "darb" and a "dinger,"
Perlmutter chemicals "

Now Thorpe, the renowned "pellet-
finger"

Is surely a "dark" and a "dinger,"
Why only last Friday
He showed Mister Lydy
He's more of a "clinger" than
"Klinger."

—Mary Louise Bliss will spend the
week-end in Oxford, O.

—Lois Reeve went to Indianapolis
Tuesday to consult an ear specialist.
